Capt. Bert Skeel Loses Life In Dayton Classic

60,000 Horrified People See Plane's Plunge

By United Press.

DAYTON, Ohio, Oct. 4.—One of the most dramatic air-plane tragedies since the world war marred the closing of the international races here late today.

Captain Bert S. Skeel, army service pilot, Selfridge Field, Michigan, was killed in mid-air when his plane collapsed and exploded as he neared the ceiling of his course in the Pulitzer trophy race.

Head, Arm, Found

Only the head and one arm of Captain Skeel had been recovered and the rest of the body was still missing tonight.

The parts recovered were found eight feet below the surface of the bog.

Sixty thousand spectators, including the pilot's wife, saw the fuselage of the Curtis racer come hurtling down out of the sky in a shower of wreckage. A cry went up from the stands as the crowd realized what had happened.

At first a large hole in the boggy tract of land which persons familiar with this section say is a bottomless pit was all that could be seen. The hole, which rapidly closed in over the ill-fated racer and his ship, was surrounded by bits of wings and scraps of wreckage.

Geysers of mud shot skyward as the body of the plane, weighted by its 420 horse-power motor, buried itself in the bog.

Lieutenant H. H. Mills, flying a Sperry racer, won the Pulitzer event with a speed of 215.72 miles an hour, almost 30 miles an hour slower than last year's winner at St. Louis.

County Republicans Abandon Ticket

GARMENT FACTORY HERE TO EMPLOY 500

THE MAN WHO made two blades of grass grow where but one grew before will have nothing on Port Arthur's garment factory.

It will employ 500 where original plans were it would employ 125 to 200.

It will set off operating at capacity instead of working to it. These facts were established here Saturday when O. D. West, Little Rock manufacturer who found this proposal for a \$100,000 factory

snapped up by Port Arthur citizens in a stock sales campaign which raised a \$49,500 quota. But a few days, assured the Chamber of Commerce that plans were underway looking to actual establishment of the new plant at an early period.

Since the success of the negotiations West has been looking into the market situation. Result of this investigation, he declared, has disclosed the fact that possibilities of the new factory were greater

than anticipated, since a wholesale dealer and middlemen have assured him that nearness of the plant to the retail product was a factor which would make it impossible for eastern mills to compete in Texas territory.

Port Arthur with its industrial population will be a large market in itself, West has found, he said.

Work shirts, work trousers and overalls will be principal articles to be manufactured here.

TICKET DRIVE TO CARRY ON

Campaign to Close Next Saturday Night

Sale of season tickets, sponsored by the Young Men's Business League, for the first annual Port Arthur fair, will continue this week and close next Saturday night, when it is believed a minimum of 4,000 books will have been disposed of, drive officials announced Saturday.

Assisting Chairman Pace and his 15 Y. M. B. L. committees under a many team captains, are 200 Boy Scouts and a number of Rainbow Girls, the latter to enter the field this week. With pay days coming up the first of the week it is believed a great number of tickets will be disposed of, Pace said.

President A. C. Reichle states more than half of 4,000 tickets are already sold and more than 3,000 placed for disposal at various places of business. The big selling of tickets should come before Wednesday of this week, Reichle said. Many people will not buy until the last moment, is the history of such drives, officials say.

Tickets will be taken off sale positively next Saturday night, fair officials have decreed. Season tickets will pass bearer into the fair grounds at rate of 12-12 cents. The regular admission will be 25 cents without a season coupon. The ticket books are selling at \$1.25 each, with 10 admissions.

AND letters,—ah, two of them, smudged and tattered and dog-eared with much reading. One of them, from a girl who probably never saw the inside of a first grade class room, judging from its illiterate construction, tells a sad, sad tale.

"Dear father," it says in substance, "come home to me now. That man, that terrible man, has gotten me fired again. He threatens me. He says he must have money—I do! My horse are out at the feed and my range box is empty. Besides I am hungry. And my permanent wave needs renewing and I have but 10 cents. And if the money is not forthcoming at once, father, that terrible man swears he will get you. Please be careful—and send me money at once."

This in a tattered envelope bearing a Col. Mich. postmark and dated September 26. Colon, according to the 1920 census, is a thriving village of 45 souls. They little rock the tragedy which has been enacted under its postage cancellation mark in Port Arthur, America's fifth port.

WAS the dead man, spirited away in the silly hours of the night, the father? Is the sad-eyed girl weeping in her little bed bedroom, its kerosene light casting ghostly shadows on his charcoal portrait covering the hole in the chimney? Will the father never more return? Boy, page the fortune teller. We want, must have, the truth about this ghastly business.

Who is the Gyp the Blood who sharpens longbutcher knives on his boots and stalks off into the night in search of a victim? Perhaps he is yet among us. Unchain the dogs, lock the doors bar the windows, and bolt the garage track him to his lair. Behind that black moustache there is a saturnaline ice, with a heering snarl.

AND the other letter. Let us consider the details of this tragedy one by one. I is written in a bold, masculine hand. No hesitancy here—the mysterious assassin knows what he wants to say.

"My dear J.," he says. "I have to tell you the rest of my life. Your daughter is at my mercy. Beware! Affectionately, Ha Ha."

This document of human emotions bore a Houston postmark, like many others do. He was carrying out his pledge like a major party politician.

Then, on Friday night, shots, an agonizing wail the roaring exhaust of a high powered motor—and silence. And a knife at shells and coat and glass and letters and big gob of mysterious mystery.

ABOVE, ladies and gentlemen and youth of Port Arthur, is the making of what people think is a good newspaper yarn. It possesses all the elements of thunderous good mystery, spiced with all the wide gamut of human emotion from jealousy and love to greed to homicidal rage. An imping array.

ONLY it isn't true. And of course that fitted it for newspaper use in the Port Arthur section of Jefferson county.

What actual happened was that (Turn to Page 2, Column 3.)

CAR DIVES INTO TEXAS CO. LAKE

Girl Found Crying on Bank; Lights Burn Under Water

Wringing her hands and crying hysterically, a young woman discovered by Texas Company workmen late Saturday night could give no information when a Chevrolet car had been driven off the bank of the big reservoir of the company and was submerged in its depths.

Lights of the car still burned under water, they declared.

Police were notified and Patrol Driver Smith, with Joe Grammer undertaker, made a hurried call to the scene of the accident. The young woman had been removed to her home and officers did not learn her story of the accident. The car had run off a 15-foot embankment.

The car was still in the water early this morning.

Returning from the submerged touring car, the officers found a wrecked Ford touring car upside down on the Texas Company cut-off road between the company's two reservoirs. No report of the accident was received at the police station.

FIDDLER, 106, JIGS SO HARD HE COLLAPSES

NASHVILLE, Tenn., Oct. 4.—Uncle John Wesley Harris, 106-year-old fiddler of this city had music in his soul, and when a pair of champions at the state fiddlers' contest struck up on "Ain't Gonna Rain No More," he, closed so much that he collapsed. J. D. Thompson of Martham, and W. A. White of Sylvan, tied for first place, eliminating Uncle John.

HE WILL GO TO POLLS THOUGH ILL

BELOIT, Wis., Oct. 4.—Illness will not keep Simon Smith, 86, from casting his ballot at the November election. And by voting Smith will have kept an unbroken record of participating in all elections since 1868. He plans to cast a proxy ballot if his health is such that he cannot go to the polls.

STORE BURNS

Port Arthur Fire Department Called to Nederland

Fire which destroyed a grocery at Nederland about 8 o'clock Saturday night, resulted in a call for help to the Port Arthur fire department and truck No. 3 and the chemical from central fire station responded, making the drive to Nederland in about 15 minutes.

The call came too late to save the grocery, but surrounding buildings were saved and possibility of the fire spreading prevented.

The department answered a call to 1500 Sixteenth street Saturday noon to put out a grass fire.

Nursery Board Asks Aid for Milk Fund

WINTER days coming on mean for Day Nursery officials the problem of increasing contributions to buy milk supplies for the little tots in the institution.

Even more milk has to be purchased in the winter time than in the summer for the kiddies, and with Port Arthurians flocking to stores for all purchasing, officials of the nursery are appealing that the milk bottles sitting near practically every cash register be noticed by the buyers and a few pennies, nickels and dimes, dropped in for the nursery's milk fund.

"One woman in Port Arthur saves all her pennies for the Day Nursery milk fund, and we cannot help thinking how much we would be helped financially if 1,000 men, women and children in the city would follow this woman's example." An official of the nursery said Saturday.

MAY USE 'AIR LINE ON ISONZO

Discouraging Reports Made Of Progress

Still settled firmly in the mud at the bottom of the ship canal, the Italian motorship Isonzo, late Saturday, had refused to come on after days and nights of pumping out work, reports from the creek Saturday night set forth.

Engineers in charge of the work were planning to connect an compressed air line with the double bottom in the ship and blow the water out, keeping the battery of centrifugal pumps and the ship's own pumps working on No. 2 and No. 3 holds, it was reported here.

With these operations progressing as planned, it may develop the aftereffect of the sunken ship will raise sufficiently for tugs to tow the Isonzo out of the channel and re-open the canal to traffic some time Sunday, unofficially advised Saturday night.

DROPS MEMBERS FOR CARD GAMES, DANCING

WINCHESTER, Ky., Oct. 4.—At the annual meeting of the Boone's Creek Baptist association here, the one hundred and first yearly session, reports from different churches showed that in the past year several members had been dropped from the rolls for dancing and card playing.

At Lexington, the Rev. John Roach Straton, New York, who long has fought dancing, rum and other evils, has been conducting a revival at the First Baptist church, where a nightly he attacks dancing, card playing and other such amusements.

NEGRO IS CHARGED WITH CARRYING GUN

Second arrest by the police department in the last three days on charges of carrying a pistol was made Saturday afternoon by Officer Champagne, a negro being picked up on Titting street and the gun confiscated.

A white man paid a \$100 fine in police court Friday morning on the same charge.

FALL FOGS BEGIN SEASON ON COAST

Port Arthur's fogs, like "dear old London's," opened the season this city Friday and Saturday nights. Rolling in after nightfall, the clouds obscured street lights, and brought moisture that wets streets and sidewalks, drips from shrubbery and leaves clothes sticky and damp. Within a short while after sunrise, the mists disappear again until night.

GRAND JUROR IS BILLED BY MATES

Sheriff, State's Attorney, City Judge Included

JUDGES WRANGLE

One Refuses Arrest Writs, Another to Act

By United Press.

MARION, Ills., Oct. 4.—The Williamson County jury which today indicted 15 anti-klanmen, also indicted a member of itself, Ike Tolyer, a constable of Creel Springs near here, for murder.

Tolyer shot to death a boy he was trying to arrest, supposedly in connection with the Klan troubles.

Anti-Leaders Billed

The indictment was made by a standing vote.

Three indictments charging first degree murder, naming the three leaders of the anti-klan faction, Sheriff George Galligan, State's Attorney Delos Duty, and City Judge E. N. Bowen, of Herrin.

Twelve other anti-klanmen were indicted for murder in connection with the Herrin affair. Bowen and Duty, both of whom have taken leading parts in investigating previous riots were charged, together with Dr. A. R. Black of Herrin with firing from an automobile and slaying Klansman Newbold and Willard.

Judge Refuses to Issue Writs

When the indictments were formally reported to Circuit Judge D. T. Hartwell, he refused to fix bail for Duty or Bowen, stating; he was positive neither was in Herrin on that day and that he would testify in their defense. Hartwell also refused to issue a writ for their arrest, so Circuit Judge A. D. Somers of Harrisburg will be brought here next week to carry out his duty.

There was no outbreak as the indictments were reported but the frequent recurrence of violence in the last three years caused leaders at both factions to prepare for possible trouble.

A total of eighty indictments were returned by the grand jury. John Smith, at whose garage the latest Herrin riot was staged and who was held by the corner's jury afterward on a charge of murder, was not mentioned, except by a recommendation that he be called as a witness and hence is freed.

Accused of Slaying Own Deputies

Sheriff Galligan and the 12 anti-klanmen were ordered arrested but the writs may not be served until after the weekend. Galligan is charged with the murders of two of his own deputies, Roland and Reed, and with malfeasance in office.

Ora Thomas, another of Galligan's deputies, was indicted for the murder of Green Dunning, a klansman.

Deputy Bud Allison and Herman Plummer, reputed klansmen, both of whom were slain, were not mentioned in the indictment.

States Attorney Dwyer drew up the indictment against himself at the request of the grand jury.

OPENING HIS REAL CAMPAIGN

La Follette Feels Psychological Moment Near

WASHINGTON, Oct. 4.—Still working like a Trojan on the final details of his coast-to-coast tour, Senator La Follette was confident tonight that he is opening his real campaign for the presidency at the psychological moment from a political standpoint.

In delaying his offensive until the political season really opened, La Follette believes that he will reap the benefits of the early campaigning done by the republicans and democrats.

La Follette takes issue with republicans and democratic leaders who contend that his strength has passed its peak and is on the wane. He does not believe that it has reached the peak.

splendid wife, she, the nominee, a housewife, will be backed up and dominated by her crooked husband," Dunn declared.

Lauds Butte for Governor

Col. Dunn extolled the attributes of the republican nominee for governor. The speaker wound up his praise of the candidate with words and the prediction that "a man, bless the Lord, for whom a majority of the people of Texas will vote next month."

Following the address of Col. Dunn the question of a county ticket elimination was precipitated when a discussion arose for the filling of the office of sheriff. Bee Cowen, federal prohibition officer, originally nominated for sheriff, had refused to run and asked that another candidate be appointed.

Efficacy of leaving that office vacant was broached by Col. Dunn. C. L. Rutt of Beaumont then suggested to have a "whole ticket or none." A long round table discussion then arose and it was soon evident a majority favored complete elimination of a county ticket and the concentrating on the gubernatorial nominee.

Urges No Halfway Ticket

C. A. Lord of Beaumont was of the opinion there should be no halfway ticket.

"I want Jefferson county to be the peer of Texas in rolling up a majority for Dr. Butte. All of Texas is going to do it. After Nov. 4, the 'solid south' will be a memory," the judge said.

Chas. Ledwidge of Beaumont, republican nominee for county clerk, was the first candidate to speak on the proposition of all candidates withdrawing from the ticket. He said he wanted a full ticket or none and was willing to withdraw or stay in and would abide by the opinion of the majority.

Judge C. J. Chalmers of Beaumont, who started his campaign manager for Felix Robertson in the democratic primary, predicted not only Butte would be elected but Jefferson county would in all probability go for Coolidge and Dawes.

Sees Democratic Bolt

"Once a democrat bolts from the party he usually stays away. I withdrew from the democrats in the Hogg-Clark fight in 1892 and have been away since."

Asked after the meeting to explain this remark in the light of his previous statement regarding his support of Robertson in the democratic primary, Judge Chalmers said, "I shall have to vote for 'H' in the general election, though I am going to support the republican ticket generally. Felix

Robertson's grandfather and mine fought together for Texas' independence and that was why I supported him, on personal grounds."

Judge J. C. Reynolds of Port Arthur next took the floor and made a strong appeal to "kill off the tail enders and let's elect a governor. We haven't a chance to elect a single man on our ticket to office. We can, by concentration, elect a governor. Let's eliminate the county ticket," he urged.

To Entert in Butte

The committee decided it could not, by its own action, kill the party ticket already in the field. The only recourse to keep names from appearing on the ticket in the republican column in general election was for the candidates already nominated to resign. Following this conclusion, resignations of the only candidates present, four of them, fell thick and fast.

That other candidates will be advised of the committee's recommendation, was the general opinion and it was apparent not a republican's name via in all probability appear for any office in Jefferson county at the November election.

This question disposed of, Chairman Brennan then called for a discussion for the entertainment of Dr. Butte, who will open the Port Arthur fair next week. Col. Dunn, speaking for this city and Judge Lord for Beaumont, indicated a most rousing reception at both places for the gubernatorial candidate.

Members of the executive committee present last night in person or by proxy follow: Dr. W. T. McAlpin, chairman and James Brennan, secretary, both of Port Arthur; F. W. Brooks, H. B. Wilson, J. W. Williams, F. W. Bridgman, J. R. Hafler, W. N. Levell and F. F. Welker of Beaumont; A. C. Biglow, Port Neches; Chester M. Clave, Rosedale; C. W. Harper, Nederland; J. R. Leach, China; J. C. Reynolds, Griffling; C. M. Zivrin, Sabine; C. S. Atwell, P. C. Pfeiffer, G. W. Stewart, J. C. Romar, J. F. Rader, J. J. Dugan, all of Port Arthur.

MURDER WILL OUT

some young folk in a spirit of something or other in this jazz-mad age so distressing to their elders conceived the idea of scandalizing the city. They set about it carefully, but the job was too perfect. It lacked the human element of error caused by an outraged conscience. There was too much evidence. Also it was too horrible.

But the principal mistake made in the whole carefully planned scheme was that of failing to provide the body, the corpus delicti, the remains, otherwise known as the corpse.

And how can there be a murder when there is no corpse? I ask you.

NOTE IN BOTTLE

(Continued from Page 1.)

the picture I had of him in my mind—curly, brown hair, blue eyes, even white teeth, and young. Other sailors from the Baldhill, who came up town with him tonight, tell me he's about the youngest sailor on the ship. Then, of course, girls are always ready to keep romance from shattering," she laughed.

From accounts given by other sailors on the Baldhill, "Scotty," as they call Elmore aboard the ship, was not the only one interested in the bottle-note romance. Word that an answer to the note had arrived Saturday afternoon spread over the tanker until the skipper himself became interested, and nearly the entire ship's company trekked up town with "Scotty" Saturday night to see the culmination of the romance.

"The hour Miss O'Brien set for the meeting passed, and 'Scotty' waited patiently on the corner, by the post office," his shipmates, who waited across the street, declared. "When an hour passed, and she had not arrived, we gathered around 'Scotty' and urged him to give up and come on back to the ship with us. He'd been looking the girls over so long that when Miss O'Brien finally did come along, he didn't know her. One of

us had to go and let her know who we were and introduced 'Scotty' to her," a sailor of the Baldhill said.

"You know, it's the first time I ever knew of anybody having any success from throwing a note in a bottle off a ship," "Scotty" declared in his burring Scotch accent. "Once I remember reading somewhere, that a bottle with a note in it was picked up after drifting around the oceans for 25 years, and I was thinking of that when I wrote that note, put it into a bottle and threw it in the Gulf on September 26," he explained.

"Scotty" got his name aboard the Baldhill, first, with a voice that purrs and burrs over every "r" his tongue encounters. Until he threw the note over the side of the Baldhill, with a hope that some lonely girl would find it, "Scotty" talked only of the romance he knew in "Auld Scotland," where he wandered through old, ivy-clad castles, rising above bristling crags and heather downs, according to his shipmates.

"But it's no more Scotland for Scotty now. It's Port Arthur from now on out," the other sailors of the Baldhill maintain.

PIGRAM CREDITED TO LINCOLN WAS BARNUM'S

DALLAS, Texas, Oct. 4.—Mrs. Mida McGillicuddy, Dallas historian, has made overtures to several national historical societies to see that "credit is given where due," and if her contentions are complied with, P. T. Barnum, famous circus king, will be credited with an expression in the past attributed to Abraham Lincoln.

The world-famous maxim, "You can fool some of the people all of the time and all of the people some of the time, but you cannot fool all the people all the time," was originated by Barnum, according to Mrs. McGillicuddy and quoted by Lincoln in a speech at Clifton, Ill., Sept. 8, 1858.

TWO KLANS AT ODDS IN DENVER

Strife of Separate Orders Arises Over Evans

DENVER, Colo., Oct. 4.—Two organizations, both known as the Ku Klux Klan, one of which is incorporated in Georgia, the other in Colorado, were at each other's throats in Colorado today.

The strife between the two groups came as a result of a request for a commission to take the deposition of Hiram Wesley Evans, Imperial Wizard of the Georgia Klan, made in District Court here by officers of the Colorado Klan, recently organized

and incorporated. This action follows upon the heels of an injunction suit filed at week ago by which the Colorado organization hopes to drive Evans and his followers from the state.

RECOVER LOOT TAKEN IN MAY

Fight Promoter's Offices In Chicago Raided

CHICAGO, Oct. 4.—A number of oil paintings valued at \$27,000, the loot of a daring Boston, Mass., burglary which occurred last May were recovered here today when police raided the offices of Thomas

Walsh, fight promoter and manager of "Jock" Malone, welterweight. The paintings were stolen from the studio of Abraham Isaacs, Roxbury, Mass.

The fight promoter denies complicity in the theft. Several weeks ago, he declared, a stranger asked to leave a package with Walsh who says he locked it in his safe and forgot it. He claims he did not know the contents of the package until police seized it late today. He waived extradition. He will be taken back to Boston Monday.

Eczema

Oh! The joy of a peaceful, restful night. What a wonderful "up and going" feeling follows such a night of undisturbed slumber.

Oh! What tortures—what agony—what despair—goes with the nights where eczema and other skin diseases hold power and drive away rest and peaceful slumber. For under the cover of darkness like crafty beings of the underworld these eruptions work their most serious havoc.

S.S.S. is the established conqueror of these annoying skin diseases. S.S.S. drives these ever disturbing elements from your system—elements that carry in their wake—lack of energy—undermining health! You may try in vain to get rid of them by using salves, lotions, washes, all to no purpose. You can't do that! That way—the seat of the trouble lies deeper—impure blood trying to throw off poisons through the tender skin.

S.S.S. purifies the blood. It aids Nature in creating new red-blood-cells by the million! Blood-cells that send new rich blood coursing through your system. Red blood that drives away eczema, drives away pimples, blackheads, boils and rheumatism, too. An increase in red-blood-cells means added strength, added vitality and renewed vigor. Because the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. Start taking S.S.S. today and watch it rout that annoying, skin destroying health undermining army that holds your system in its grasp! Learn again what it means to enjoy peaceful, restful nights of slumber.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

DELEGATES TO S.-C. V. RETURN

Hope Seen for 1926 Convention Here

Elgin Blalock and a delegation of young women who represented Port Arthur as maids and duchesses to the state meeting of the Confederate Veterans closed at Fort Worth Friday, returned Saturday along with delegates from Beaumont, Orange, and other Sabine district cities. Blalock stated a strong fight was put up to land the 1925 meeting of the Veterans for Port Arthur but Abilene, with a stronger contingent on the floor wrestled the honors. "We laid an excellent predicate for securing the 1926 convention and that will be our aim during this year," he states. Blalock was again chosen state adjutant general of the Sons of Confederate Veterans and was voted a compensation of \$100 to be expended for traveling expenses to different parts of Texas during the year. Accompanying Miss Mattie Smith as sponsor from Port Arthur were the following maids of honor: Misses Lila Dyeus, Thelma Tanner, Lucia Beauchamp, and Maurine Shivers.

Hughes Pays Tribute To Republican Party

CINCINNATI, Ohio, Oct. 4.—The present attack upon the republican party "will prove as vain as those visited upon the administrations of Garfield, McKinley, and Roosevelt," Charles E. Hughes, secretary of state, declared in an address here tonight, opening the republican presidential campaign in Ohio.

Hughes paid an eloquent tribute to the late President Harding and said the republican party was fortunate in having so wise a leader as Mr. Coolidge to take his place in the White House.

TEXAS ROADS FAIR. REPORTS INDICATE

Road conditions in Texas are fair to good, according to reports received weekly at the Chamber of Commerce and Shipping from all parts of the state but tourist travel has fallen off about 75 per cent, according to C. K. DeBusk, assistant manager. No calls come in for road maps or to find out road conditions scarcely at all now, according to DeBusk. During the early spring and summer the office was swamped with inquiries from citizens contemplating trips.

DEFEAT OF COOLIDGE PREDICTED BY WHEELER

SPOKANE, Wash., Oct. 4.—The progressives already have accomplished their primary aim—defeat President Coolidge, Senator Burton K. Wheeler, independent vice presidential candidate, declared in a speech opening his Pacific Coast campaign here tonight.

A firm grip has been obtained on enough votes to throw the election into the house of representatives, he claimed.

STUDENT NURSE HERE UNDERGOES OPERATION

Miss Ruth Parker, student nurse at Mary Gates hospital, underwent an operation at the institution Saturday. Her condition was reported favorable by hospital authorities late Saturday night.

Dredge, Lit Up Like Carnival, Slowly Eats Into Canal Bank

Bright Lights Attract Hundreds To Watch 'Vacuum Cleaner' Work Widening Channel

A drab gray, angular craft, puffing out clouds of black smoke by day, the huge dredge boat operating in the ship canal at Dryden Place, attracting hundreds of Port Arthurians to the canal bank to watch it at work, at night becomes a miniature amusement park, lit with myriad lights from stem to stern, and the two big red anchor lights gleaming one under the other high up on mast.

From the canal bank, the big dredge working on the opposite side of the canal seems idle. There is no noise, no lifting of scoops by rattling cables and pulleys, just an occasional shifting of the triangular booms projecting over one end being the only sign of action put out by the dredge boat. Leading off along the spoil bank side of the canal, and over the ridge thrown up by other dredges, go iron pipes. Pontoon support them along the canal, and on the land the pipes are watched and shifted by a dozen or more workmen.

Yet the dredge boat is working continually, day and night, silently, but effectively, digging the ship canal to a depth of 30 feet and widening the bottom to 150 feet. A revolving scoop extending out of the end of the dredge cuts into the mud and dirt, and a powerful suction line, working like a vacuum cleaner, sucks up mud and water into the pipe line which carries it away to the spoil bank.

Suggests Scribe Write Theme On Drug Horror

DALLAS, Oct. 4.—"When you get out of jail, write a story on the horrors of being a drug addict," Federal Judge A. H. Atwell told Herbert McKay, who said he was a Wichita Falls newspaper man, when he sentenced him to four months in jail here today for possession of narcotics. McKay promised Atwell he would do so.

INSPECTS SCHOOL FOR NURSES LOCATED HERE

Miss Louise Dietrich, of El Paso, educational secretary of the Texas state board of nurses, spent Saturday in Port Arthur, inspecting the nurses training school at Mary Gates hospital. Miss Dietrich addressed the students in the training school Saturday afternoon, and left Saturday night for Austin, going over the Southern Pacific out of Beaumont at 7:30 o'clock.

RELEASED FROM PEN. AND ARRESTED AGAIN

HOUSTON, Oct. 4.—Forty-eight hours after his release from the state penitentiary after serving four years for robbery, John Adams, Iowa, city detective of Des Moines, Iowa, started pilfering again. He was arrested here today and confessed to robbing ten houses during the 48 hours. All of the loot was recovered with the exception of a few pieces of jewelry.

WALTON SUED

Minister Asks Damages In Slander Case

OKLAHOMA CITY, Oct. 4.—Former Governor Jack Walton, democratic candidate for the United States senate, was sued for \$5,000 late today by Rev. E. D. Gregory, Baptist preacher at Sulphur, Okla.

The impeached governor was charged with slander. The suit was the outgrowth of an attack by Walton on Gregory in a speech at Sulphur recently in which Walton is alleged to have said Gregory "would steal nickels off St. Peter's eyes and ravish the Virgin Mary."

Cherbourg and Le Havre, France, had snow on August 23 this year.

SAFE FAT REDUCTION

Why be fat? The answer of most fat people is that constant dieting is hard, continual exercise is tiresome and exhaustive—and then, too, it might be harmful to force the weight down. That was the old-fashioned idea. Today in Marmola Prescription Tablets all these difficulties are overcome. Just a pleasant little tablet after each meal and at bedtime causes fat to vanish. The modern method is easy, entails no dieting or exercising and has the added advantage of cheapness.

Get a box of these tablets and start taking them now. Within a short time you will be getting rid of fat steadily and easily without starvation diet or tiresome exercise. You will be comfortable and able to enjoy the food you like and want. Even after taking off many pounds, there will be no flabbiness or wrinkles remaining. You will feel 100 per cent better. All drug stores the world over sell Marmola Prescription Tablets at one dollar for a box, or the Marmola Company, General Motors Building, Detroit, Mich., will gladly send them to you on receipt of the price—Adv.

A THOUGHT FOR TODAY

HE WHICH SOWETH SPARINGLY SHALL REAP ALSO SPARINGLY; AND HE WHICH SOWETH BOUNTIFULLY SHALL REAP ALSO BOUNTIFULLY—2 COR. 9:6.

The Editorial Mind

In New York

NEW YORK, Oct. 4.—A shot rang out in Estonia, a little country on the Gulf of Finland.

The man who had been fired at complained to authorities. At a hearing next day false witnesses made it appear that the man who had been shot at was the one who fired the shot. Years of unfair imprisonment would follow.

A few years of toil brought the nest egg of money that brought his family from across the sea.

Today his eldest daughter is buyer for one of the largest department stores on the Pacific coast—a San Francisco establishment.

It is customary for her to spend \$500,000 a month.

She is Miss Aulick. Daily she goes into the market places of New York, choosing merchandise for her store at the other side of the country.

Her salary is more than that of executives of many important organizations. She is known as one of the shrewdest buyers in a highly competitive market.

Starting her work at the age of 15, Miss Aulick had scant opportunity to attend school. Yet she is exceptionally well read, associates with intellectuals and is a constant devotee of the opera.

Her brothers and sisters all have gone to college. Just at present the youngest is a member of the football squad of an eastern university. Yet none of them has been as successful as this young woman who educated herself.

Cross-word puzzle workers take their hobby seriously. But at a recent tournament for puzzle enthusiasts the fight had narrowed down to two persons, a man and a woman. All afternoon they had been fighting for the victory in the final match.

The man, a few words ahead in the solving of his cross patch medley of words, looked at the clock, started, then grabbed his hat and coat and rushed for the door.

Just as he was skipping away, he shouted, "sorry to leave, but I've got to catch the 6:03 train for home."

The woman won by default and the large garage was dumfounded.

HUNT'S LETTER

By HARRY B. HUNT
News Staff Writer

WASHINGTON, Oct. 4.—October, 1924, is destined to be a big month in the life of S. Parker Gilbert, Jr., youthful financial genius, who while in his twenties, as under-secretary of the United States treasury, won from the government's fiscal workers the title of "The Brains of the Treasury."

On Oct. 8 Gilbert will be married to Miss Louise Todd of Louisville, Ky.

Three days later, Oct. 11, he will sail with his bride to take up his labors as agent general in the administration of German reparations under the Dawes plan.

The Gilbert-Todd nuptials, incidentally, will cause quite an exodus of official and social notables from Washington to Louisville. Gilbert, as a most "eligible" young man during the days of his service as under-secretary, was socially as well as officially popular.

His bride-to-be, who has spent two winters in Washington, where she was active in amateur society theatricals, is regarded as virtually a Washingtonian.

Announcement of the Gilbert-Todd engagement, however, was something of a surprise to their friends here. Gilbert had been engaged, by rumor, at various times to various Washington bachelors, and at one time it was whispered he was to become the son-in-law of his then boss, Secretary Mellon.

And these rumors, however, proved baseless, and Gilbert's friends at last learned he was wedded to finance; a most "eligible" young man during the days of his service as under-secretary, was socially as well as officially popular.

His bride-to-be, who has spent two winters in Washington, where she was active in amateur society theatricals, is regarded as virtually a Washingtonian.

A sweetheart in Louisville, it was agreed, would be a bigger handicap than a bride in Berlin.

THE INDIVIDUAL VOTE DOES COUNT FOR MUCH—WITNESS IN CALIFORNIA

You remember that momentous night eight years ago when everyone thought Hughes had been elected over Wilson.

Next day the public and politicians were not so sure. The remote districts of California were still to be heard from. You recall how the country waited breathlessly day after day while those scattered California votes were counted and reported.

Those few thousand scattered California votes turned the tide—elected Wilson instead of Hughes.

If a few thousand Californians who voted had stayed away from the polls, Hughes would have gone into the White House. Now, then, can any one delude himself into believing that his lone individual vote "doesn't count much?"

Wise Australia, determined to preserve its government by majority, recently passed a law by which any Australian citizen who fails to vote will be fined \$10.

If such a law had been in force in our country in 1920, fines totaling more than 250 million dollars would have been collected. Over 25 million American citizens neglected to go to the polls.

On the other hand—If Americans were paid \$10 apiece to vote, mighty few would stay away from the polls. Yet failure to vote may cost us all a lot more than \$10 apiece—in the form of inefficient government, high taxes and waste of public funds and wealth.

If for no other reason, vote in the interests of your wallet.

SOCIALISM NOT WORKABLE

John Spargo has declared in an interview that socialism "was shelved and not workable in the United States. John Spargo is an eminent man of letters, a noted newspaper correspondent and editorial writer and for twenty-seven years a leading socialist and one of the members of the National Executive Committee of the socialist party.

John visited the White House, he interviewed President Coolidge, he saw a great light, he declared Senator La Follette the extreme reactionary candidate in the campaign and then applauded the foreign policies of the Coolidge administration.

He did not define the foreign policies of the administration and thus felt the public in the dark. However, he declared that the nationalization of the railroads in this country would be the most appalling thing that could happen to the United States and the world as it virtually would seal the doom of Europe.

This eminent man of letters who deserted the socialist party began his side-stepping five years ago. He had his doubts about the gospel of Karl Marx.

Now he has found a new apostle and a new gospel. Andrew W. Mellon is the new apostle and the foreign policy of the administration the new gospel. As the administration is without a foreign policy the Spargo man should write a campaign text book in order to lead the American voters out of the wilderness.

HOW JOSH CLIMBED

In the good old days when he was a truck driver in the Oklahoma oil fields, J. C. Cosden was known as "Josh." He jumped from the truck to a palace in London and on his return to America the splendors of the Cosdens in town house and country home astounded the four hundred.

Mrs. Cosden entertained the Prince of Wales on his recent visit to New York. Mrs. Cosden is the lady who lost \$150,000 worth of jewels on the occasion of the visit of the prince and Lady Mountbatten, close to the throne of England and one of the bluest blood lost a number of precious jewels.

A daring Raffles invaded the Cosden palace and when royalty and near royalty were reposing Raffles gathered in the plunder and made his daring get-away. There were Scotland Yard detectives in and about the Cosden Palace. There were a number of the finest from the detective force of Mayor Hylan's town but Raffles hasn't been caught.

Raffles did not leave fingerprints behind him. He did not leave footprints behind him. He baffled the Sherlock Holmeses of the two continents but think of the publicity that Josh, the former truck driver in the Oklahoma oil fields received on account of the coming of the prince and the going of the jewels.

Isn't this a land of opportunity?

"THE LADY FROM NEW JERSEY"

New Jersey democrats have named a woman for a seat in congress. Mrs. Mary T. Norton had no democratic opposition for the renomination and there would seem to be every likelihood of her election in November over the republican nominee. One of the rock-ribbed democratic districts of New Jersey is the twelfth and nomination is regarded as equivalent to election.

If Mrs. Norton should be elected she would be the first woman member of congress east of the Mississippi and the leaders of the New Jersey democracy say she is as certain of election as day follows night.

Mrs. Mae Nolan of California will not be a member of congress to be elected in November. She served one half a term and a full term and now she is ready to retire. She would not seek a renomination for the reason, she said, the life of a politician did not appeal to her and she had too much sense to classify herself as a statesman or stateswoman.

There are many men who are members of congress who do not recognize their own limitations. If they did there would be more skilled mechanics or hard working farmers in the country.

KEEPING UP YOUR END

Your cost of living is only about 62 per cent higher than it was before the war, according to economists. In other words, you can buy as much for \$1.62 as you could for \$1 in 1914.

This claim must get the average man's goat once in a while, as he checks up and discovers that he's spending a lot more than in the good old days when he could buy a meal for a quarter.

The joker is in the fact that the economists fail to make allowances for the advanced standard of living.

It may be true that your bills for basic foods, rent, clothing necessities, etc., are only 62 per cent higher than before the war. And that, by spending \$1.62, you can buy as much as you formerly could for \$1.

But, since 1914, an advancing standard of living has added items to the list of "necessities" that were without question in the luxury class back yonder.

Roxie Stinson, the former wife of Jess Smith, whose name figured conspicuously in the Harry M. Daugherty investigation, says that Gaston B. Means is a liar, that she told all the truth concerning the former attorney general and is willing to appear before any jury in the country and reiterate what she said. And now the Teapot Dome cat and all the other greasy cats are back.

What's Going on In the World

By CHARLES F. STEWART
NEA Service Writer

Japan will accept no arbitration plan that keeps her from fighting any power that bars her people as immigrants. This came out at Geneva, where the League of Nations representatives are trying to get together on a pact compelling countries to settle their differences peacefully instead of going to war.

But it was agreed that a country can't be expected to arbitrate any question concerning its own internal affairs, and neither must it be attacked for any such cause. A country's immigration laws certainly are among its own affairs.

JAPAN BALKS
It's on this clause in the proposed treaty that Japan balks. Italy supports Japan, but halfheartedly.

France has tried vainly for a compromise. England, her colonies and all the other representatives of the Geneva meeting say the clause must stay.

If so, seemingly, Japan will drop out. Obviously American and Australia are the countries Japan means. She doesn't say she means to fight, but she means to be at liberty to do so if she likes.

GERMANY
There has been considerable talk of taking Germany into the league. Germany, however, wants to enter only under conditions the league doesn't like. She wants it understood she wasn't solely responsible for the war.

In case the league ever has trouble with an unruly member and finds it necessary to trounce her, Germany says she won't help. Besides, Germany would like to have the allies give back the colonies they took from her at the end of the war.

CHINA
The war in China goes right along. Some of General Lu's soldiers broke into a Standard Oil establishment at Shanghai but United States marines chased them out without a fight.

The legations in Peking warned General Chang his airmen must be more careful with bombs—they're endangering foreigners. Which goes to show other countries may be mixed into the war this time.

AL VERSUS TEDDY
Al Smith and Teddy Roosevelt II, running respectively as democratic and republican candidates for governor of New York are two extremely strenuous politicians and promise to "pop up" politics, hitherto very quiet, for a presidential year.

AVIATION
Secretary of the Navy Wilbur has appointed a committee to decide whether airships would be enough now so that a strong fleet isn't as important as it was.

The committee men are Admiral Eberle, Rear Admirals Jones, Strauss, Williams, Long and Phelps, Captain Hough, Maj. Gen. Lejeune, chief of marines, and Commander Smith, secretary. From this committee's make-up it's safe to predict a verdict in favor of a strong fleet.

PROPAGANDA?
In the meantime a number of naval officers have held a meeting to denounce "anti-battleship propaganda."

This meeting was rather revolutionary, considering that President Coolidge is credited with being the chief "propagandist." It also shows how bitter the struggle between the battleship and pro-airship parties has become.

ORDERS ARREST OF DAUGHTER; DENIED
BENTON, Ky., Oct. 4.—James Vancoune came here from Vienna, Ill., and had a warrant issued for his daughter, Mrs. Mary Schuett, 16 years old, traveling with a shoe company. A charge of delinquency was preferred. The girl refused to return with him, saying that both her father and her husband had beaten her at home. Vancoune asked that she be put in jail, but Judge Lovett refused to order her locked up. Next day her husband and father returned and she agreed to go back to Illinois with them.

Have You Been Told—

HAVE YOU BEEN TOLD

That Nebraska would abolish all political parties under a constitutional amendment which is to be voted on at the November election.

That non-partisan leagues are responsible for the amendment and that both democratic and republican leaders and newspapers are up in arms against the proposition, fearing the amendment may be adopted.

That the farmers and wage workers of the state are for the adoption of the amendment, and there is every indication that it is going to pass and its passage will eliminate all ballot designation.

That State Auditor W. H. Sanka of Kentucky, said to be the ablest politician in that state, predicts that Kentucky will go democratic by an overwhelming majority in November, that Senator Stanley will be re-elected and the democrats will capture a district now represented by republicans.

That President Samuel Gompers of the American Federation of Labor says that no man with an ounce of brains believes that the federation leaders can deliver the vote of any one and the only vote that "can deliver is his own and that goes to La Follette and Wheeler if he lives to cast it.

That Samuel Gompers says that no attempt to set aside a law of parliament would dare to be made by any court in Great Britain as when the parliament passes a law it is the law and the courts must interpret it in accordance with the purposes

as expressed by parliament.

That there are many Americans who would be perfectly willing to see Samuel Gompers return to the land of his birth if he prefers British institutions, including the courts to American courts and institutions.

That Judge John R. Wallingford of the Canal Zone District court, after a savage attack upon the La Follette platform, dropped dead from heart failure.

That no platform orator of the political brand has dropped dead in the states since the beginning of the campaign and that the scorpion of all political orators, Senator Burton K. Wheeler, promises to make one hundred speeches before the coming November election day.

That Frank P. Walsh, former chairman of the war labor board and a democrat until the La Follette cause was launched, in a recent speech branded William Jennings Bryan as "the greatest hypocrite in America."

That Frank P. Walsh who has ever been a radical of radicals, says the only solution to the problem to high railroad rates is the La Follette demand for public ownership of American railroads.

That Walsh, who is said to be one of the great criminal lawyers of America, began his career in Missouri, moved to New York, since which time he has become as violent in his radicalism as "Big Bill" Haywood, who jumped from Chicago to Russia some years since to escape court conviction for his vitriolic utterances.

'BUREAUCRACY' DUE FOR HOT FIGHT

WASHINGTON, October 4.—"Bureaucracy" unquestionably is going to have a fight on its hands in the next congress.

As Congressman Steagall of Alabama put it recently, "It's about time we found out whether we have a free government or are ruled by a lot of departments and divisions, bureaus, commissions and boards."

Steagall is a member of the committee engaged in investigating the charge that big bunches of wartime government bonds were printed in duplicate, that one set of these duplicates was sold by the government in the regular way, that the other set was sold by individuals who put the money in their pockets, and that the treasury can't tell the sets apart now, and consequently has to redeem them both.

Certain treasury records were needed in connection with the inquiry and Manager James F. Macouquy of the securities section of the treasury's division of loans and currency said the committee couldn't have them.

His refusal raised such a storm that finally he yielded, but only as a great favor, not as a matter of right on the investigators' side.

This is only just one illustration. Similar cases come up all the time. It isn't alone that numerous bureau chiefs think themselves above the law, the courts, congress and everybody else, when they're called on for something. They not only

demand to be let alone. They claim the right to interfere with others. What's more, they get away with it.

There are plenty of things in this country that a citizen can or can't do, not as the courts or any clearly defined laws decide, but simply according to what some single individual in a swivel chair in Washington says about it.

This system has been growing for 10 years or so. Since the war it has been growing very fast.

Congress started it. It would pass some sweeping general law, leaving, however, all the details to the imagination, and then create a bureau or a unit or a section of some department to do the "interpreting."

This made the chief of that particular little group practically a dictator within his sphere of authority. If one of his subject citizens did something along any line of activity over which that chief claimed jurisdiction, maybe what he did was all right or maybe it actually was criminal and he could be fined or locked up for it, depending on the bureau chief's "interpretation."

Although congress started all this, now it's getting sick of it. So are others.

"Too much bureaucracy" is a slogan much heard in campaign oratory—and heard from orators of all parties.

TRAWLER CLUE TO BOOZE RING

Pro Officials Say Capture Reveals Big Plot

NEW YORK, Oct. 4.—A battered steam trawler of 195 tons, the Frederick B lay at anchor tonight while the office of the U. S. district attorney, investigated what prohibition agents said was the biggest plot uncovered since prohibition made rum running one of the major industries of two-gun millionaires.

The Frederick B was seized by the coast guard cutter Manhattan off Monmouth Beach, N. J., today with 10,000 cases of liquor valued at upwards of half a million dollars in her hold.

Her crew of 20 including two women cooks, were held on the ship while the super cargoes, Harry Klein and Earl Frederick of Newark, were brought ashore and arraigned before a U. S. commissioner.

The Frederick B, according to prohibition agents, is one of a fleet of five steamships operated by an Anglo-Canadian-American rum ring, which is linked with "one of the biggest banks in Canada."

An official of this bank who has a branch in New York probably will be indicted as a result of the seizure, the agents said.

Montreal, according to the agents, was Canadian headquarters of the ring which also had an extensive organization in London and New York.

Agents posing as rum buyers, negotiated with representatives of the syndicate in New York several months and finally paid \$100,000 cash for 2,000 cases of liquor which was to be delivered by the Frederick B. The delivery was made as promised and seizure of the rum ship followed.

PREPARE BRIEF IN RAIL CASE

C-C Officials Prepare for Hearing Here Dec. 1

Brief of the Port Arthur Chamber of Commerce and Shipping in its case against more than 700 rail lines all over the country, demanding an adjustment of shipping rates on practically all commodities coming into Port Arthur, is being prepared by the traffic department and will be ready when the preliminary hearing is called here Dec. 1 by Examiner Fuller of the Interstate Commerce commission.

Chamber officials regard the case against the railroads probably the most important the organization has ever filed. When announcement of the complaint went out over the country the local chamber was swamped with inquiries, congratulations and condemnations from traffic departments in all states.

The suit will bring some of the notable railway attorneys and traffic men of the country to Port Arthur for the week of the suit, chamber officials say.

Prospects For Big Fair Grow, With Expression of Exhibit Space Giving It Impetus

PROVIDE MORE EXHIBIT SPACE

Women's Building to Undergo Second Expansion

The fair is growing bigger and bigger. Expansion of building and exhibits has marked the activities of the Port Arthur fair association the past week. With the opening date but a week away, the initial undertaking for a first class exhibit bids fair to be one of the major attempts in the state this year.

This is the feeling at Fair association headquarters following the general check-up meeting Friday night when 50 committee chairmen and members met with officials for a final recapitulation. This week finds but one meeting scheduled, this to be Tuesday at 10 at the Pleasure Pier where each committee chairman expects to be on hand with his or her committee members.

Outgrows Capacity

These will see for themselves the spaces provided or allotted for the various entries. The fair has grown like a beanstalk since the germ of an idea gave it being on a small scale a scant three months ago. Planning at first to utilize the two buildings at the Pleasure Pier which were expected to be amply sufficient for the moderate exposition planned, calls came in so heavily for space and concessions it soon became apparent much more room would be needed.

Thinking at first to meet this need with tents, it was soon apparent this was impractical, when a committee, checking up with merchants, found these with faith enough in the fair's future to sign contracts for three year space leases in a new building to be erected to meet the overflow. This was done and an additional exhibit building, completed Saturday, came into being.

Space in Heavy Demand

Demand for space coming from untold sources, caused a further expansion, the lengthening of the old picture show building at the Pleasure Pier. With 30 feet added to the rear of the old building, this space was rapidly snapped up by exhibitors.

A need for a poultry and livestock building became so apparent the fair officials ordered a second new building erected for this purpose. This is also nearing completion and will take care of this important adjunct.

Building of two additional buildings and enlarging of a third bespeaks the rapidity with which the idea has sold itself of putting Port Arthur's first fair over in a large way. The main Pleasure Pier building, the original one and the largest, was hoped

to be large enough to take care of the crowded number of exhibits in the women's building. Women's committees reported such an overwhelming flood of entries in every department, fair officials at a meeting at 3 Saturday afternoon decided on another expansion.

Enlarge Women's Building

The women's building will be enlarged again and effort made to house all the exhibits.

Posters advertising the fair have been placed all over Jefferson and Orange counties the past week. One of the main drawing cards being featured in the huge publicity campaign being launched is the Dodson World Shows which will furnish the fair midway attractions. This company, with 32 shows, seven riding devices, two brass bands and a number of entertainment concessions is considered one of the best of its kind in the world.

Secrecy veils the queens ball and who will be crowned the ruler of Port Arthur's first annual fair. This is in the hands of a committee which is promising one of the most splendid social events in the history of Port Arthur. Fair participants from all surrounding Texas and Louisiana points will be guests and lend their charms to this event of gaiety, the committee plans.

Style Show Feature

Sixty-two towns and cities in south Texas and Louisiana will be able to take advantage of the fare and a third round trip rates offered by the Southern Pacific and Kansas City Southern for fair week. Literature advising of the rates and advertising the fair has been sent for distribution at each of these places.

The style show committee reports it will strive to make the night assigned to it as one of the fair features the most eventful of the whole fair. Heavy expense has been gone into by 35 merchants to exhibit the very latest in all styles for the edification of Port Arthurians.

The auto show will be a feature

expected to speak for itself. The entire main floor of the exhibition will see its walls lined with the latest makes of cars.

In the women's buildings will be every exhibit which can be of interest to women. Eleven committees working for weeks are assembling a great array of offerings which will be pleasing. A baby show will probably bring 300 babies and their mothers to the fair is expected to be a crowning feature.

SOMERS WILL SPEAK OF DRIVE

M. E. Church, South, to Hear V. of A. Officer

Detailed explanation of the work and purpose of the Volunteers of America, now waging a campaign for a \$5,000 annual budget to carry on their work in Port Arthur, will be given Sunday night in the First M. E. Church, South, 1343 Fifth street, by Staff Captain B. A. Somers of New Orleans, who is here assisting local Volunteer officers with the drive.

Letters of endorsement from Rev. C. W. Culp, president of the Ministerial association, setting forth the association's endorsement, and a letter from the city commission, giving permission to wage the \$5,000 campaign, have been received by Captain and Mrs. J. R. Slade, in charge of

the work in Port Arthur. An executive board appointed to supervise the budget campaign is comprised of F. P. Wood, vice president of the Seaboard State Bank and Trust company; Rev. Dr. C. W. Culp, pastor of the First Baptist church; R. A. Shivers, attorney; and Col. C. H. Fitz-Gerald.

Since starting welfare work in Port Arthur last March, employment for over 200 men and women has been secured by the Volunteers of America, and a number of needy applicants have been provided with food and clothing. Captain Slade sets forth in a report of the work. Through an arrangement with the Red Cross chapter here, the Volunteers confine their relief work to transient cases only, officials said.

FLAY STRIKERS Labor Leaders Denounced By Economists

KANSAS CITY, Oct. 4.—"Strikes have doubled the cost of living," the American Economics Institute said today in a statement issued through the Employers' Association of Kansas City, warning that "the greatest danger in America today is the threat of radical labor leaders who are sponsoring the presidential candidacy of Senator Robert M. La Follette."

"These labor leaders," the statement continues, "would upset the present railway system and return

to the chaos of 20 years ago merely to abolish the United States railroad labor board, which in turn would be followed by enactment of the 'Howell-Barkley bill.'"

"This is a measure written by the railroad labor unions and which has been described by Representative Tinscher of Kansas as return of the strike measure."

Yellowjackets Use Air Attack Over Orange, 76-6

LOCALS SHOW IMPROVEMENT

Lone Orange Touchdown Freak Affair

THE Yellowjackets had a good workout for one thing yesterday afternoon, and incidentally showed a considerable amount of improvement in their 76 to 6 defeat of Orange on Franklin field. Of course, it wasn't a football game of tight thrills and that sort of thing, for it was simply one lone gain after another for Port Arthur.

Orange's only first down came when the visitors scored a touchdown in the second period on a 50-yard run. It was more of an accident than anything else, but it was something that is liable to happen in any game. Coach Smith had sent in a flock of substitutes and had placed Elliott in the backfield with instructions to specialize on passing. Elliott, whose knee has been crippled for the last week, tried to pass the ball, but in the general rush of things he was rushed and Orange was breaking through the line of scrimmage. The pass was caught back of the Yellowjacket line of scrimmage by LaSalle of Orange, who ran 50 yards to a touchdown. Orange missed the try for the extra point.

Injuries Frequent

The crowd yesterday was practically as large as that of the preceding week, despite the competition of the world series baseball game. Injuries were frequent, and water buckets were on the field about as much of the time as off the field. Powers went out in the third period with a broken collarbone and a torn ligament. Lowe was carried off the field in the last quarter with what was first feared to be a broken leg. However, Lowe was taken to Beaumont to the home of a relative and it is believed his knee was merely dislocated and not broken.

The scoring was rather evenly distributed yesterday, Prejean leading with three touchdowns, Wilmer Butaud coming second with a pair of touchdowns. K. Butaud, Morgan, Iglesias, Batterbee, Crow, Trow and Wyble each made a touchdown. Iglesias dropped kicked three points after touchdowns. Once the extra point was made by a pass from Iglesias to Trow.

The best story of the game was told last night by referee Icky Elam, who said Coach Gray of Orange told him four of his best men, two of them tackles, "couldn't come over."

"Sue with I had 'em over here—we'd put up a good game," he said.

When the last half opened, the Yellowjackets turned almost exclusively to for- passing, calmly putting on fourth down whenever one of the passes on three downs had failed to make the distance. The squad had been working long and hard for several days, and Saturday's play showed some fairly good work in an aerial way.

Orange players kept up their yelling at the boys on the field, "break up those passes," but it did little good. Many of them were incomplete, but whenever a pass was completed the gain was generally from 20 yards upward.

The feature of the first half was a 70-yard run by Iglesias for a touchdown, thus bringing the score to 38-6 for the half. Prejean scored a touchdown early in the second half, and Iglesias shot over a pretty pass to Crow for the extra point.

Some Star Passes

Perhaps the longest gain on a forward pass yesterday was made in the third period when T. snared one of Iglesias' passes for 20 yards and then reeled off 30 yards more down the field to Orange's 10-yard line. In downing Trow, Batterbee broke his collar bone. Powers broke his collar bone. Trow was a pass to Wyble, and again to Wyble, for a total of 35 yards. Another pass to Wyble, three in succession, and the touchdown was made. This was the last score of the game.

Fumbling Cut Down

The entire Port Arthur team did good work, and the margin between the two teams was so wide that individual ability above others was hard to discern. However, Iglesias showed better form in passing and in general play, although his dropping after touchdowns was not even as good as last week. Iglesias will make some competing quarterbacks in the near games to come step high and fast.

Tommy Morgan was going good, and again showed as easily one of the best backfield men on the squad. Fumbling yesterday was not nearly as frequent as against Dayton.

"Gas House Wop" Toughest Wrestler Ever, Says Guy Hooker, Who Saw Him In Action

By TAYLOR

"Tony Benardi, 'The Gas House Wop,' is the toughest, roughest wrestler I've ever seen in my life. If you've ever seen Harry Manow or Sailor Jack Woods wrestle, you haven't seen anything yet when it comes to being tough."

Guy Hooker, well-known local sports follower and a member of the firm operating the Corner Drug company, made this remark last night in the village either tomorrow night or Tuesday, and will probably work out at Eureka Athletic club once before his appearance in the Elks theater.

Japanese armlocks—the kind that worried Actor and caused several other clever boys trouble here in days gone by—don't bother Benardi at all. Hooker said so, thereby confirming just what Wallace had previously remarked about the boy who got his start like "B. T. U." Harding—in a gas house.

He Does Everything

"Benardi just adorned a big wide grin over his ugly mug whenever Dusek clamped on a Jap armlock," Hooker reported to The News representative, while the two of us nibbled on our meals. "Boy," Hooker enthusiastically went on, "Tony Benardi got up a couple of three times while Dusek had the Japanese armlock clinched tight, and proceeded to smash Rudy against the floor with a report and a crash hard enough to break a dozen bones in the average man's body."

"And beside that," Hooker continued, "Benardi uses his feet, his head and his fists as well as his arms—he did everything but bite, scratch and pull hair, I think. And when Dusek got a couple of flying mares on the 'Wop,' Tony turned around, picked Dusek up in the air and crashed him against the mats again, almost knocking Rudy unconscious."

Missouri Trims Chicago 3-0 And Illinois Noses Nebraska

CHICAGO, Oct. 4.—Big Ten conference football teams showed surprising reversals of form in Saturday's season opening games.

Ohio State, for many years one of the most formidable eleven in the middle west, returned to the win column, defeating Purdue, 7 to 0.

Missouri, led by a seafaring husky named Jackson, sent Chicago's mid-air into gloom by defeating Coach Sling's prides, 4 to 0. The Maroons looked weak on both offensive and defensive.

Illinois, last year tied with Michigan for big ten supremacy, showed disappointing strength in taking a 9 to 6 game from the green and lighter Nebraska eleven. A field goal in the last quarter was all that saved the Illini from a tie.

Michigan showed a powerful attack to defeat Miami 55 to 0. The Wolverines made it clear that it would be strong contenders for this title in the big ten.

Wisconsin played consistent football, winning from the strong Iowa State aggregation 17 to 0.

Northwestern showed surprising offensive strength in turning back the invasion of South Dakota 28 to 0.

Minnesota, although greatly underdoged, played a fine game, defeating Iowa 14 to 0 in North Dakota.

Indiana gave evidence of a driving attack in winning from DePaul 21 to 0.

Knute Rockne's "fighting Irish of Notre Dame" showed the makings of another brilliant team in winning from Lombard 40 to 0.

Coach Ingwersen's Iowa eleven emerged victors by a score of 43 to 0 in their game with Northwestern. Teachers of Oklahoma, Ragged playing by both sides characterized the game.

Few Lucky Breaks Seen In Series' Second Games

By BILLY EVANS

Playing under high tension, no doubt, explains the fact that 13 opening world series games have been decided by the breaks.

It is baseball history that after getting the first game out of their system, the strain is off and the players settle down to routine play.

This holds good for all other games of the series, even the deciding contests. None offers nearly so many breaks as the opening battle.

Of the second world series games, only four have been featured by the unexpected. None of them provided any great thrill, the breaks being rather commonplace.

Toughest of All

The toughest break of the four was in the 1914 clash between the Boston Braves and the Philadelphia Athletics. A misjudged fly ball, followed by a bad throw, enabled the Braves to score the only run of the game.

Frank Baker's home run at the expense of Rube Marquard of the Giants was the biggest thrill-maker.

Here are the second game breaks: 1911—Sixth inning: Baker of the Athletics hit a home run with one on, scoring two runs, enabling the Philadelphia Americans to beat the New York Giants 3 to 1.

1912—Tenth inning: Catcher Wilton New York Giants muffed a

CONNALLY'S TOE HELPS BAYLOR

Texas Has An Easy Time Against Phillips

WACO, Texas, Oct. 4.—The Baylor Bears rode triumphant to a 30 to 0 victory over Denton normal in their first game before the home folks on Carroll field.

Baylor's first score was in the first quarter when Connally kicked goal from the 32-yard line. The Bears' driving offense gave them two touchdowns in the second quarter. George Fall carried the ball 28 yards through a broken field and Pittman crashed the line 20 yards for a touchdown. The Bears scored again when Pittman passed 20 yards to Coates, who ran 30 yards for a touchdown. Sam Coates' terrific plowing of the line carried the oval for another touchdown in the third quarter.

The last tally was made when Coates made a brilliant run to carry the ball near the goal line, where it was carried across by Pittman.

Smith Leads Rice In 22-6 Opening Victory

HOUSTON, Oct. 4.—Led by Captain Harvey Smith, Rice Institute opened the football season here today with a 22 to 6 victory over Sam Houston Teachers college of Huntsville. Smith plunged across the goal line for the first touchdown after a series of long dashes down the field.

Mustangs Win 14-3 From Trinity Outfit

DALLAS, Oct. 4.—The Southern Methodist university took the Trinity Methodist aggregation from Waxahatchie into camp here today 14 to 3. S. M. U. pushed a touchdown over and kicked goal in the first quarter, while Trinity counted in the second with a field goal drop kicked from the 30-yard line.

The Mustangs added another touchdown and kicked goal in the last quarter.

CONFERENCE A TEAMS ENTERED

Entries Forbidden After October 1

AUSTIN, Oct. 4.—October 1, the dead line in the University of Texas Interscholastic League football race, has been reached, and the list of entries closed. More schools are battling for the various championships in the high school race this year than ever before.

The sixteen Conference B sectional championships will be fought out this year with a number of small rural schools taking part. In the eight Conference A sections will be found the largest city high schools. The division of schools into two conferences this year has met with universal approval, and is the reason for the long list of entries.

Reports of games are reaching the League office in large numbers, but it will be a week or two before the atmosphere will begin to clear.

The following is the final and official list of competing teams in Conference A:

Sec. 1. Amarillo, Electra, Lubbock, Plainview, Vernon, Wichita Falls.

Sec. 2. Abilene, Breckenridge, Brownwood, Cisco, Comanche, Eastland, Janger, San Angelo.

Sec. 3. Cleburne, Central High (Ft. Worth), Polytechnic (Ft. Worth), Gainesville, Mineral Wells, Weatherford.

Sec. 4. Corsicana, Innis, Hillsboro, Jrell, Waco, Waxahatchie.

Sec. 5. Bryan St. Hi (Dallas), Oak Cliff (Dallas), Forest High (Dallas), Denison, Greenville, McKinney, Paris, Sherman, Sulphur Springs.

Sec. 6. Athens, Crockett, Jacksonville, Livingston, Lufkin, Marshall, Mineola, Nacogdoches, Palestine, Texarkana.

Sec. 7. Beaumont, South Park, (Beaumont), Ball High (Galveston), Central High (Houston), Heights Senior High (Houston), Orange, Port Arthur.

Sec. 8. Austin, Corpus Christi, Brackenridge (San Antonio), Main Avenue High (San Antonio), Temple.

Pair of Sisters In Omaha Monopolize Swimming Records, from 25 to 220 Yards

They are calling the Condon sisters the Omaha best girls' swimming team in the world. Between the two of them, Corinne and Helen, they hold all the swimming championships from the 25-yard free-style to the 220-yard free-style. Corinne, the younger, recently set a new record for the 50-yard free-style, while swimming in competition with Johnny Weismuller, noted Chicagoan. Entered in 180 events in the past two years the older Helen has been beaten but six times.

HONESTY URGED IN DAVIS TALK

Says G. O. P. Record One to 'Make Us Blush'

PROVIDENCE, R. I., Oct. 4.—Honesty, justice and courage in government, a brand of Americanism, based squarely on the constitution and a return to the altruism of America in foreign affairs directly after the war, were the me ages brought into New England by John W. Davis, democratic presidential nominee in an address here tonight.

Davis insisted the record of the republican party during the past three and a half years is the main issue in this campaign. He characterized that record as one to make us blush at home and humiliate us abroad.

With a vigorous plea for religious tolerance, he quoted the constitution declaring that following it in letter and spirit, citizens of this country could qualify for the term "American" by dispelling all possible ambiguity as to its meaning.

He described the last five years in foreign affairs as two of "pure obstruction" and three of absolute inaction with the exception of the Washington arms conference and experts' report.

"As to the arms conference," Davis said, "it is a doubtful value."

The value of the Dawes report, Davis said, "lies in the womb of the future."

He jibed the republicans for disclaiming the reports when they went abroad, but claiming credit for their success now.

MAKES FAT PEOPLE SLIM

LEFT, CORRINE CONDON. RIGHT, HELEN CONDON

New York Physician Perfects Harmless Method of Reducing Weight.

The loss of as much as a pound of excess fat a day with no harmful results is the record made by many patients of Dr. R. Newman, a licensed practicing physician of 286 Fifth Avenue, New York, who announces that he has perfected a treatment which has quickly rid fat people of excess weight. What is more remarkable is the doctor's statement that he has successfully treated thousands of patients for fat reduction without change of diet or unnecessary exercise. It is also said that fat people who suffer from chronic rheumatism, gout, asthma and high blood pressure obtain great relief from the reduction of their superfluous flesh. Realizing that this sounds almost too good to be true, the doctor has offered to send without charge to anyone who will write him, a free trial treatment to prove his claims, as well as his "Pay-when-reduced" plan. If you want to rid yourself of superfluous fat, write him today, addressing Dr. R. Newman, 286 Fifth Avenue, New York City, Dept. R.—Adv.

TO CALL NON
JURY DOCKET

Judge Campbell to Devote
4 Weeks to Cases

BEAUMONT, Texas, Oct. 4.—Judge J. D. Campbell will devote four weeks to his non-jury civil docket beginning Monday morning and then will follow with four weeks of jury civil cases. The non-jury civil docket will be sounded Monday morning and cases set down for trial then. There is little indication that Judge Campbell will attempt any work on his criminal docket, on account of the low jury fund and the added fact that the other dockets are so crowded. No cases are set in the 58th court until October 20.

BEAUMONT, Texas, Oct. 4.—Knights of Pythias lodge from Sour Lake, Silsbee, Orange, Fort Arthur, Port Neches, and Batson will take part in a district meeting of the K. of P. lodge to be held at Daisetta on October 27. W. R. Speed of Daisetta is in-charge of the program for the day.

BUSINESS DULL

IN CITY COURT

BEAUMONT, Texas, Oct. 4.—Business in the Beaumont city court was dull in the past week, according to a report submitted to City Manager R. L. Pietsch today. Only 70 arrests were made during the entire week and these were for minor offenses. Fines for the week totaled \$272.20. A report for the month of September just compiled shows that \$1,410.20 in fines was assessed during that month.

MAJESTIC SHOW

OPENS AT BEAUMONT

BEAUMONT, Texas, Oct. 4.—First Majestic vaudeville of the season was shown here on Friday night and the Kyle theatre was sold out for the event. The bill was one of the best balanced ever presented here

OUT OUR WAY

and there is little doubt but that vaudeville will be upheld so well now that it can be continued indefinitely. It was estimated that more than 90 per cent of the audience consisted of local people, although there were a number of Port Arthur people here for the opening bill.

DIVORCE SUITS

MAY BE DROPPED

BEAUMONT, Texas, Oct. 4.—The hundreds of divorces on the district court dockets that were filed and then never brought up for a hearing probably will be dismissed by judges in the district courts here.

There are nearly one thousand divorces on the dockets here that were filed and in which no further action was taken. Attorneys received their first fee for filing the cases, and then the contesting parties adjusted their differences and were never brought to court.

In many instances, deputies in the district clerk's office file the old applications away. Deputy Clerk Joe Cottam stated today that the office has records of divorces in which the first papers were filed ten years ago and in which no further action was taken.

NOMINEE LIST
IS RECEIVED

2 Changes Pointed Out By
State Secretary

BEAUMONT, Texas, Oct. 4.—A complete list of the nominees of the democratic, republican and progressive electors for president and vice president to be placed on the official ballot were received here this morning by County Clerk W. A. Coward. The bulletin from J. J. Strickland, secretary of state at Austin, calls attention to the fact that there are two changes in the list of nominees. C. V. Terrell has been nominated for railroad commissioner and W. Gregory Hatcher has been nominated for state treasurer.

It also notes that no legal bar now exists against placing the name of Miriam A. Ferguson on the official ballot as the democratic nominee for governor.

Of the electors named, only one is from Jefferson county, James Wellman, local contractor, is named an electoral nominee of the republican party.

Electors on the democratic ballot will include Ralph Bell, Mrs. J. O. Ross, H. P. Wheat, W. H. Sisco, J. W. McDavid, Ben Gafford, J. Hughes, Joe Arrington, Ike Daniels, C. L. McFarlane, J. M. Stephens, E. R. Pedigo, H. E. Trippett, W. D. Smith, D. F. Goss, Mrs. Wade Lewis, John Briscoe, Mrs. D. F. Mims, Lehman Brown and Grover Hill.

Republican electors include: D. J. Marston, Walter Napier, G. T. Bartlett, James Wellman, Cooper Shedd, F. N. Hopkins, W. E. Talbot, Charles Beck, Harry Hawley, Otto Letzerich, C. G. Franz, M. C. Kelly, Ripley Harbrick, Joe Kingbury, Jr., George Knight, A. S. Gage, Calvin Brewster, Horace Stevens, S. S. Gra

TO STAGE BANQUET

BEAUMONT, Texas, Oct. 4.—Secretaries of the Retail Merchants' association organizations from Houston, Lake Charles, Orange, Port Arthur, Nederland and Sour Lake will be guests of honor at a meeting to be held here on October 9.

Local credit men held a meeting yesterday at which time plans were outlined to hold a get-together meeting in which officials of the association would be present and it is estimated that 100 credit men will attend the meeting. Leopold Meyer, head of the credit department of the Foley Dry Goods company at Houston will make the principal address and members from other associations will be called on for short talks during the meeting.

NEGRO RESISTS
COUNTY DEPUTY

And Fight Ensues, According
to Pollock

BEAUMONT, Texas, Oct. 4.—"I've had many a round, but never one like this before," Deputy Sheriff Artie Pollock declared here Saturday afternoon commenting on a fight he had with a 200-pound negro who resisted arrest.

Pollock and Homer French came upon a negro with a quantity of liquor near the abattoir here, they said. They told him he was under arrest and told him to get in Pollock's car. Instead, the negro started fighting Pollock and French and attempted to get away, according to the deputy. He tore his clothing from his body in order that the officers could not hold him and then started toward them.

The officers were finally able to get the handcuffs on him, but he then kicked at them and it was necessary to tie both his hands and feet in order to bring him to the county jail, they said.

When Pollock walked in the sheriff's office, his hands were scratched and bloody and he exhibited several marks where the negro had hit him, he said. The negro was treated at the county jail annex and

THE SUNDAY NEWS' SOCIAL AND CLUB PAGE

Luncheon at Department Club Tomorrow Will Be Important Event of Week

THERE'S romance in young autumn's breezes and clamor of wedding bells. With the advent of October come more rumors of nuptial news, and the announcement of several surprise engagements which will keep society busy—well, right up into the holidays of Hallowe'en, Thanksgiving and Christmas.

Always an interesting announcement is the first meeting of the Department Club which will assume the form of luncheon at the club house tomorrow afternoon at 1 o'clock. Mrs. K. A. Young, president of the Department club, will preside at the business session, which will follow the luncheon. More than 75 club members and guests are expected to attend this delightful affair.

The phoning committee has not been able to get in touch with all members of the Department club, and Mrs. K. A. Young said this morning that she wanted every member of the Department club to feel at liberty to attend Monday's luncheon without having made reservations for the affair. There will be a number of extra plates prepared for those who have not yet been communicated with and these are urged to attend the luncheon.

The luncheon will be served by members of the Civic Club, and the proceeds of the affair will go toward the Civic club fund. Mrs. C. J. Baker, vice president of the Civic club, has been arranging details of the luncheon in the absence of the president, Mrs. J. B. Saint, from the city. Mrs. Saint has been spending the summer with her sister, Mrs. R. M. Quigley, in Fort Worth.

A delectable menu has been arranged for the luncheon, and will be comprised of chicken croquettes, potatoes au gratin, perfection salad, rolls, pickles, coffee and tarts a la mode.

Members of the Civic club who are assisting Mrs. Baker in making the luncheon a success are Mrs. A. M. Armstrong, Mrs. Earl Abbey, Mrs. E. B. Abbey, Mrs. L. L. Abshire, Mrs. W. J. Adams, Mrs. John R. Adams, Mrs. E. P. Baker, Mrs. Harry Baker, Mrs. M. T. Bell, Mrs. F. G. Betzel, Mrs. M. F. Bledsoe, Mrs. L. J. Cason, Mrs. Joe C. Cawell, Mrs. M. E. Crawford, Mrs. Bill Davis, Miss Marie DeBretagne, Mrs. Julius Deuster, Mrs. William Dunn, Mrs. C. E. Dunstan, Mrs. T. T. Fitzgerald, Mrs. Christie Flanagan, Mrs. R. P. Flanagan, Mrs. J. A. Gibson, Mrs. J. G. Glasgow, Mrs. A. Goldberg, Mrs. R. T. Goldsmith, Mrs. H. K. Goodwin, Mrs. C. P. Gunn, Mrs. H. H. Haddon, Mrs. M. F. Imhoff, Mrs. W. P. Irwin, Mrs. R. B. Kyle, Mrs. R. E. Latimer, Mrs. Henry Lohmann, Mrs. Frank Mabry, Mrs. W. P. McFarland, Mrs. W. H. McCord, Mrs. W. P. Park, Mrs. T. W. Parrish, Mrs. J. A. Paschal, Mrs. Carlyle Plummer, Mrs. A. N. Woodson, Mrs. Iman Wheelers, Mrs. Edwin F. Walker, Mrs. P. T. Williams and Mrs. K. A. Young.

On Friday evening the Moonbeams entertained with a very delightful dance at the home of Miss Lorie Lee, 1945 Thomas boulevard. The evening was spent in dancing, with music furnished by a victrola. Minor Moss entertained the guests with a number of his clever stunts during the evening, following which delicious refreshments of hot chocolate and cake were served.

Enjoying this pleasing event were Misses Inez Babin, Ferol Lee Cropper, Pauline Elkins, Gertrude McElroy, Christine Whitman, Mary Ella Collins, Nine Hebert, Louise Collins, Maydelle Billeaud, Elsie Grieg, Bee Barras, Lillian Moss, Hazel Borel, Irma Chonta, Odile Moss, Effie Borel, Katherine Juraschek, Mamie Lee Gans and Lorie Lee; Messrs. IN THE PICTURES

IN TODAY'S pictures are two of Port Arthur's most accomplished daughters, Miss Marie LeMaster, (left), attractive daughter of Mr. and Mrs. L. L. LeMaster of 315 DeQueen boulevard, and Miss Erma Winn, (right), charming daughter of Mr. and Mrs. G. Winn of 2145 Fifth street.

Miss LeMaster, who is a graduate of both the Kroger School of Music and the Morse School of Expression of St. Louis, will leave next Wednesday for Kansas City to join the Redpath-Horner Lyceum Circuit, with which she will be connected during the winter months. Miss LeMaster is a talented reader, soloist, pianist and warbler. She will be one of the Cumberland entertainers of the Redpath-Horner Lyceum Circuit.

Miss Winn is attending the University of Texas, where she is a Junior this year. She is one of the charming members of Port Arthur's younger set and is also popular in University circles.

Mrs. H. H. Brown To Entertain Culture Club

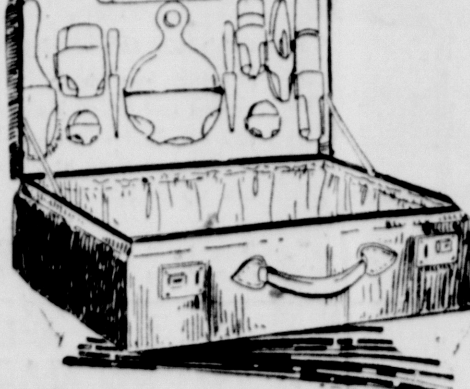

Perhaps one of the most interesting studies which will be taken up by Port Arthur club women is the study of social and applied psychology, which has been outlined as the subject for study for the Young Women's Culture Club this year. Mrs. P. T. Williams, Mrs. J. H. Arnold and Mrs. Arthur Beard arranged the club's study and interesting indeed are some of the programs which will be given during the ensuing months, the first one being scheduled for next Wednesday afternoon with Mrs. Felix Broussard as the leader. Mrs. H. H. Brown will be the club's hostess on this occasion at her home, 3621 Fifth street.

The afternoon's program on "Social Behavior in Animals and Man" will be as follows:

1. Organic Behavior—Mrs. E. L. Caldwell.
 2. Social Behavior of Animals—Mrs. J. H. Arnold.
 3. Human Social Behavior in General—Mrs. F. L. Teuton.
- Questions for general discussion under the direction of the leader:
1. Is social behavior possible without consciousness?
 2. Account of the highly perfected social organization of the bee.
 3. What part does consciousness

All members of the auxiliary, whose runnages has not yet been collected, are requested by Mrs. Goss to bring it to this meeting and the articles will be assorted and priced. Mrs. Gilbert Root will be in charge of the sale.

A large attendance of the members is desired on this occasion.

Beautiful Fitted Cases

\$16 to \$95

Presenting the most comprehensive selection that we have ever shown, or that has ever been shown in Port Arthur. They come in all sizes, some plain, others charmingly equipped with the little dainty amber fittings. They are one of the most ideal gifts to give a lady.

An Advance Thought—

HOME MISSIONARY SOCIETY TO MEET

The Home Missionary society of the First Methodist Episcopal church will meet Thursday afternoon at 2:30 o'clock at the home of Mrs. J. A. Paschal, 826 Fifth street.

Assisting Mrs. Paschal in hostess duties will be Mrs. Charles Busby and Mr. Frank Montgomery. The afternoon's program will be in charge of Mrs. W. C. Adams.

All members of the Home Missionary society and their friends are cordially invited to attend Thursday's meeting.

Mrs. Leo Hannon is an associate member of the club and Mrs. E. S. Carter and Mrs. O. M. Lord are the honorary members.

Mrs. Geo. N. Pohl Addresses Reading Club at Friday's Reception at Club House

REVIEWING the accomplishments of the Reading Club for the past year and urging that the women continue their zealous work this coming year, Mrs. George N. Pohl, incoming president of the Reading Club, addressed the club women Friday at the Reading Club's initial meeting at the Department Club.

"We accomplished a great number of things in the past year, which was said to have been the greatest year in the history of the Reading Club," Mrs. Pohl said. "We want to do even greater things this year." Mrs. Pohl urged the co-operation of the club women and their suggestions in the work of the club, and concluded her talk with the appointment of the following committees:

Finance: Mrs. B. W. Parks and Mrs. Fred White.

Campfire: Mrs. E. Welch, Mrs. C. E. Dunstan, Mrs. H. F. Banker and Mrs. Wiley Robinette.

Membership: Mrs. C. E. Lauer, Mrs. J. E. Carr and Mrs. Robert Rutan.

Sammie Nell Memorial: Mrs. J. H. Burlingham.

Phoning committee: Mrs. Roy Gillette, Mrs. E. D. Ames, and Mrs. A. Dupuis.

At the short business session which followed Mrs. J. G. Glasgow was elected secretary of the club to fill the vacancy caused by the resignation of Mrs. Walter Dick. Mrs. C. F. Peterson and Miss Edna Collins resigned as members of the club, their resignations being accepted with regret.

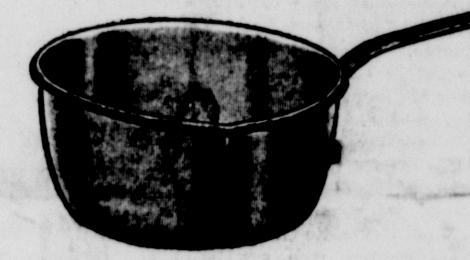

At the close of the business hour, Mrs. A. S. Bailey, chairman of the program committee, told of the study for the coming year, which will be based on modern American novels. Mrs. Bailey urged the women to read the novels to be studied and suggested that they read additional books on literary construction, the technique of the author, and the biographies of the authors. She said that the first program of the club on October 17 will be featured by a lecture on book reading by Miss Mary Donaldson.

CIRCLE SEVEN HAS MEETING

Circle Seven of the Woman's Auxiliary of the First Baptist church met Thursday afternoon at the home of Mrs. M. B. Hampton, 2721 Sixth street, with Mrs. F. A. Dryer presiding at the business session. Mrs. Hampton conducted the devotional service, after which the first three chapters of Matthew were read and discussed by the study leader.

A social hour followed and delicious refreshments were served and enjoyed by Mrs. A. S. Pollock, Mrs. Dixon, Mrs. R. T. Goldsmith, Mrs. F. A. Dryer, Mrs. P. G. Potts, Mrs. R. L. Porter, Mrs. H. F. Baker, Mrs. Warren Baker and Mrs. M. B. Hampton.

On next Thursday the circle will meet with Mrs. R. L. Porter, 2330 Sixth street.

Chardin-Parker Wedding To Be Held Wednesday

A wedding of special interest to Port Arthur friends is that of Miss Eunice Chardin and Mr. T. B. Parker, which will be solemnized Tuesday evening at 6:30 o'clock at the home of Mr. and Mrs. August Nelson, with Rev. T. Alvin Davis of the Presbyterian church officiating.

The wedding will be a quiet affair with only relatives and intimate friends of the young couple in attendance. Miss Emma Nelson will attend Miss Chardin as guest of honor and Mrs. A. R. McLeod will serve as best man.

Miss Chardin's wedding costume will be a handsome gray traveling suit with smart hat and accessories in combination of black and gray. A lovely corsage will give the bridal touch to the attractive outfit.

Miss Chardin is a charming young woman, the daughter of Mrs. E. Chardin of this city. She has lived in Port Arthur several years, during which time she has become widely acquainted, making a host of friends who will be delighted to learn of her approaching marriage.

Mr. Parker is also well known here and is an employee of the Texas Company.

Mr. Parker and his bride will make a wedding tour of Mississippi and Alabama, later returning to Port Arthur to make their home.

Mrs. Dixon To Open Classes On Thursday

Port Arthur society will learn with interest of the opening of Mrs. Ennio Smith Dixon's classes of expression, voice culture and dramatic art on Thursday afternoon, October 9, at the Department Club.

Mrs. Dixon comes to Port Arthur from Massachusetts. She is a graduate of the Worcester School of Elocution, and has studied in Boston at the Julia A. Riley School and Leland-Powers School of the Spoken Word. She had considerable success as a child entertainer in various amateur and semi-professional performances and later made her debut as a professional dramatic reader and impersonator at concerts in Boston and Worcester, Mass., according to press dispatches which also carried glowing accounts of her appearances.

During the world war Mrs. Dixon was in constant demand at army cantonments, Y. M. C. A. huts and Red Cross entertainments. After the war Mrs. Dixon traveled in concert with the Thalia Players as monologist and impersonator. She later taught at the Worcester School of Elocution for two years, resigning there to establish partnership with a talented dancing teacher in The Worcester School of Dramatic Arts, where pupils from kindergarten age through high schools and college preparatory schools were taught, and business and club men and women were instructed.

Mrs. Dixon has coached and produced many successful plays and recitals, giving her pupils the advantage of public appearance. The same course of instruction will be followed in Port Arthur, Mrs. Dixon said in speaking of her opening Thursday.

MRS. YARDLEY ENTERTAINS

Mrs. J. T. Yardley proved a charming hostess Thursday afternoon when she entertained the members of Circle Ten of the Woman's Auxiliary of the First Baptist church.

The meeting opened with the devotional service by Mrs. W. P. Irwin, after which a short introductory talk was made by the new chairman, Mrs. S. E. White. An interesting business session followed, and the work of the month was planned. Delicious refreshments were served by the hostess.

Those in attendance were Mrs. T. S. Ellis, Mrs. G. Duhan, Mrs. O. A. Groves, Mrs. E. M. Goldsmith, Mrs. B. A. McGeehin, Mrs. Perry Pace, Mrs. L. S. Reeves, Mrs. W. P. Irwin, Mrs. G. M. Sims, Mrs. S. J. Whitehead, Mrs. J. R. Warren, Mrs. G. T. Williams, Mrs. W. S. Wills, Mrs. F. H. Waller and Mrs. J. T. Yardley.

Mrs. W. P. Irwin will be the circle's hostess next Thursday at her home, 3348 Seventh street.

MRS. COOPER TENDERED DELIGHTFUL SURPRISE

Mrs. C. H. Cooper was complimented with a delightful surprise shower Wednesday afternoon by a few friends at the home of Mrs. J. B. Singletary, 525 New Orleans avenue, from 3 to 5 o'clock.

Mrs. Cooper called at Mrs. Singletary's home to spend the afternoon, and great indeed was her surprise when after arriving there she was showered with gifts by friends who were hidden in another room. The shower was presented to Mrs. Cooper by little Miss Doris Marie White, who entered the room ahead of the women and gave Mrs. Cooper a prettily decorated basket. After a pleasant afternoon of chatting the guests enjoyed a tasty refreshment service of hot chocolate and cake.

Enjoying the charming surprise were Mrs. A. M. Harrer, Mrs. E. Brown, Mrs. E. A. Gripps, Mrs. J. A. Jewell, Mrs. V. A. Sheffield, Mrs. J. F. Carroll, Mrs. J. M. Minter, Mrs. J. L. LeBlanc, Mrs. P. N. C. E.'s To Plan For Convention . Thursday Eve

Port Arthur Christian Endeavorers will meet in called session Thursday evening at the Presbyterian church, Fifth and Mobile avenue, to formulate plans for the District C. E. convention to be held here the latter part of the month.

The convention was scheduled for November, but due to conflicting dates with other district conventions the dates will be changed to this month so that the state officers will be able to be in attendance.

Miss Sophia Jaschke of Beaumont, president of the Beaumont District Union, will preside at Thursday evening's session. A number of district officials from Beaumont will also be in attendance. Details of the programs, the dates for the convention, and the place for the convention will be worked out Thursday night.

Endeavor Societies from the First Christian church, and the Presbyterian church will have their executive committees in attendance at this called meeting. It is hoped that an unusually large representation from each church will attend Thursday night's meeting, which is scheduled for 7:30 o'clock.

MRS. STEUSSEY TO BE HOSTESS TO AID

Mrs. Fred Steussey will be hostess to the Ladies Aid of the Congregational church Thursday afternoon at her home, Fifteenth street and Orange avenue. The meeting will be held at 2:30 o'clock, and all members are urged to be in attendance.

Delightful Party At Dryer Home

An enjoyable affair of the past week was the "Measuring Party" Thursday evening at the home of Mrs. F. A. Dryer, 2412 Sixth street, with members of the W. B. A. of the Macabees as hostesses. The entertainment was held for the purpose of raising funds for paying the expenses of all Macabees who desire to attend the state convention at Waco and a handsome sum was realized.

The home was attractively adorned for the affair. During the evening Miss Emerald McCree entertained with several instrumental selections and D. C. Harris of Beaumont, who has recently returned from a tour of Italy, told of his experiences while in Europe. Delicious refreshments of hot chocolate and cake were served during the evening.

Members of the Beaumont Review attending the entertainment were Mrs. F. H. Williams, Mrs. Shoffitt, Mr. and Mrs. D. C. Harris, Mrs. Harold Drill, Mrs. J. W. Whitner, Mrs. William Whitner, Mrs. J. S. Moore, Mrs. R. A. Hall, Mrs. D. E. Bolton, Mrs. J. N. Robertson, Jr., and Mrs. W. S. Bosse.

Other guests included Mrs. J. W. Crouch, Miss Edna Crouch, Mrs. V. R. Pittman, Mr. and Mrs. C. J. Rindling, Mr. and Mrs. W. J. Milne, Mrs. J. C. Renfroe, Mrs. Isabel Baruch, Mrs. E. Parmer, Mrs. Lily H. Hogland, Mr. and Mrs. W. F. Sylvester, and daughter, Joy, Mrs. H. B. Hoffpauir, Mrs. Charles Busby, W. B. Hoffpauir, Mrs. T. E. Hunt, Mrs. S. D. Stuart, Mrs. T. B. Moss, Mr. and Mrs. J. A. Paschal, Miss Dora Hunt, Mr. and Mrs. J. T. McCree, Miss Emerald McCree, Andrew P. Embrie, and Mr. and Mrs. F. A. Dryer and son, Robert.

TATAPOUCH CAMP FIRE ENTERTAINED
Virginia Abshire pleasantly entertained the Tatapouch Camp Fire Friday evening at her home, 1948 Procter street.

Interesting contests gave diversion during the early part of the evening and in an especially amusing one Ethel Johnson was awarded the first prize and Mary Keith received the booby favor. The remainder of the evening was spent in sewing and making articles for local charity.

Those enjoying the evening were Gladys Sims, Johanna Buysenaers, Elva Dorsey, Charley Mae Abington, Helen Johnson, Eleanor Wall, Katherine Hunt, Ethel Johnson, Beatrice Johnson, Mary Litherland, Mary Keith, Virginia Abshire and the assistant guardian, Mrs. C. W. Litherland.

The Camp Fire will meet with Mary Keith next week.

MRS. WESTBROOKE RETURNS TO CITY

Mrs. George Westbrook of 2229 Procter street returns today from a lovely visit in Los Angeles, Cal., where she was a guest at the Rosslyn hotel. While in California Mrs. Westbrook was named honor guest at a weekend party at Arlington Lodge, Lake Arrow Head, which had Mr. and Mrs. C. C. Harrell, formerly of this city, as host and hostess. She was also present at the entertainment given the world, fliers at Santa Monica upon their arrival in California.

WOODMEN CIRCLE HAS ENTERTAINMENT

The Woodmen Circle entertained with an informal affair Thursday evening at their hall following an initiation of twenty candidates into the mysteries of woodcraft. The drill team under the direction of the captain, Mrs. J. D. Moore, put on a beautiful exhibition.

Interesting contests were enjoyed during the evening and in a contest on fraternalism Mrs. J. D. Moore received the first prize, Mrs. John Hammer the second, and Mrs. M. Hanna was awarded the third favor.

The entertainment features were in charge of Mrs. O. Youngblood, Mrs. J. D. Moore and Mrs. C. L. Franklin.

Delicious refreshments were served by Mrs. W. B. Goblin, Mrs. H. Hyde, Mrs. S. Henry, Mrs. Leon Little and Mrs. Martin.

More than fifty members enjoyed the pleasing event.

CAMP FIRE HAS WIENER ROAST

The Heinkelwiel Camp Fire members and their guardian, Mrs. C. A. Lecoq, enjoyed a delightful wiener roast Friday evening at Port Neches Park.

The girls met at Mrs. Lecoq's home and were taken to the park in automobiles donated by Capt. and Mrs. Fred Ferrell, Mrs. George Dorsey, and Mrs. Lecoq. After arriving at the park they built a camp fire and roasted wieners. After supper the girls discussed the Day Nursery booth at the fair and decided which days the girls will serve at the booth. Various outdoor games and a sing around the camp fire gave diversion for the remainder of the evening. They returned home about 9 o'clock.

Participating in the outing were Elsie Baker, Theron McFarland, Josephine Lyles, Jane Drake, Vaulah Maude Fitzer, Virginia Capps, Dorothy Stansbury, Iona Fitzgerald, Evelyn Minder, Maxine Watler, Bessie Claxton, Elizabeth Latimer, Mary Elizabeth Dunn, Mary Patin, and Freddie B. Morris.

AKIYA CAMP FIRE HAS LUNCHEON

Members of the Akiya Camp Fire met yesterday morning at the home of the assistant guardian, Mrs. C. W. Litherland, in the Model Addition and discussed what they will enter in Port Arthur's Annual Fair.

A contest followed with Beatrice McKinney winning first prize and the booby falling to Ruth Baker. Lera Mae McKinney was accepted into the membership of the Camp Fire. Mrs. Litherland served a delicious luncheon following the meeting.

Those present were Ruth Baker, Beatrice McKinney, Geneva Smith, Veridith Evans, Louise Erwin, Blanche McBride, Hazel Benware, Nellie James and Mrs. Litherland.

MISSIONARY SOCIETY HAS INTERESTING MEET

The Missionary Society of the First M. E. Church, South, met in interesting session Thursday afternoon at the church with Mrs. H. F. Banker, presiding.

Mrs. C. T. Baker conducted the devotional service, following which Mrs. R. E. Mossman taught the lesson study on "Korea and Japan," illustrating her talks with pictures and histories of the two countries.

Next week the Missionary Society will meet in all-day session at the Country Club, the morning session beginning at 10 o'clock. Mrs. W. A. Martin, missionary chairman, has arranged an unusually pleasing program for the day.

SPECIAL MUSIC AT METHODIST CHURCH

Both services at the First Methodist Episcopal church will be featured by special musical selections today. Mrs. E. G. Ruffner, choir director, announced today. Miss Marie LeMaster is organist. The numbers will be as follows:

Morning
Prelude: "Barcarolle" (Hoffman).
Anthem: "Twilight and Dawn" (Speaks)—Mrs. R. L. Drake and choir.

Evening
Prelude: "To a Rosebud" (Steele).
Offertory: "Adoration" (Atherton).

MUSICAL NUMBERS AT CONGREGATIONAL CHURCH

Two pleasing musical numbers will be given at the Congregational church today. The choir will sing the anthem, "More Love to Thee, O Christ" by Shelley, and Miss Edith Hill will sing Little's "How Lovely Are Thy Dwellings" as an offertory solo.

Mrs. Fred P. Dodge is the music director of the Congregational church and Mrs. Claude Holmes is the accompanist.

W. B. A. OF MACABEES WILL MEET WEDNESDAY

The W. B. A. of the Macabees will meet on Wednesday afternoon at 2:30 o'clock at the hall in Hartford building. A large attendance of the members is desired on this occasion.

Ladies Aid Entertained At Church

Mrs. Charles R. Stevenson, Mrs. F. H. Borden and Mrs. B. C. Falkenberg proved gracious hostesses to the Ladies Aid of the First Methodist Episcopal church Thursday afternoon at the monthly session at the church. The devotional service was conducted by Mrs. F. A. Montgomery, following which a short business session was held and plans were discussed concerning the booth to be held at Port Arthur's First Annual Fair. Mrs. C. W. Rodgers is general chairman of the booth arrangements.

Sewing gave diversion during the latter part of the afternoon, and the hostesses served tasty refreshments of tea, sandwiches and wafers.

Enjoying the pleasing affair were Mrs. John Kuhn, Mrs. H. K. Goodwin, Mrs. Frank Freeman and children, Mrs. Lillian Lundy, Mrs. N. T. Fuller, Mrs. J. Whelpy, Mrs. Earl Borden, Mrs. L. J. FOLKS— Here's a Hot One

You know Bill Suttle—Suttle's Grocery—out at 415 Galveston.

Our Salesman Took Bill on for a Whirl the Other Day

Bill Said: No, I sure would like to use gas—have a hot-water heater all connected up in the bathroom—wish we could afford it—too darn expensive.

Salesman Said: How come Bill? How do you get that "too expensive stuff?"

Said Bill: People tell me that it costs \$15.00 a month for a family of two to cook two meals a day.

Salesman Said: Bill you're too wise an Old Bird to let the knockers keep you from enjoying the comfort and convenience of Gas—Do you happen to know anyone who is Burning Gas?

Said Bill: The people across the hall from me cook with Gas and heat water with an American Beauty Gas-Water Heater.

Salesman Said: If they have a phone call 'em up and see HOW MANY DOLLARS the Gas Company hi-jacks them for every month.

Said Bill: Hello operator, give me OOOH. Hello, is this you? This is Bill Suttle, that lives across the hall. I'm thinking about putting in Gas—would you mind telling me what your Gas bill runs a month—Huh—Gee Whillikins not over \$2.50 per month for hot water and cooking. Thanks.

Salesman Smiled and Said: Well Bill?

Said Bill, with a smile: Come up tomorrow and fix me up.

Salesman Said: Thank you Bill, and smiled.

P. S.—If you don't believe it, go on up to Suttle's Grocery, 415 Galveston, and ask Bill. He'll tell you. And while you are there buy a nickel's worth of prunes or something and Bill will say—

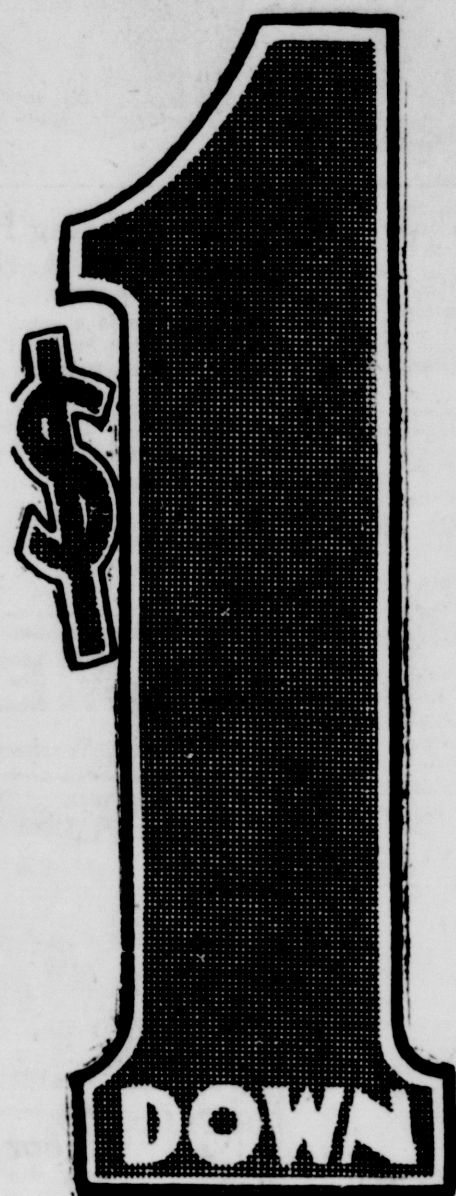

Thank You—Courteously.

Obscure Actress Impresses In The Film 'Feet of Clay'

By JACK JUNGMEYER
News Staff Writer

HOLLYWOOD, Oct. 4.—Hanging to a surfboard on which crouched the most popular girl of the Catalina beach season, Kerry Harlan was making love to Amy Loring. A shark interrupted. And in a fight to protect her Harlan had his foot badly mauled.

They were married. They moved to New York, where their crowd lived. Harlan's bad foot, price of chivalry, handicapped him, and his bride fretted at the monotony.

For the first time in a year they went to a party. Against the doctor's strict orders, Kerry danced with his wife, to fend his rival's ardent attentiveness. The foot was injured anew and he had to remain quiet and jobless for a year.

Mrs. Harlan secured work as a cloak model. While she was away her half-sister, Mrs. Bertha Lamsell, plied the young husband with a clandestine affection. Harlan resisted her advances, but his bride, discovering them together, doubted his loyalty and gave ear to Tony Channing's advances. Love was going askew.

The climax came when Harlan's doctor, also his brother-in-law, made a surprise visit to his patient. The doctor's wife, seeking escape, climbed out on a window ledge, dislodged her support and plunged to her death.

This, after a fashion, is a reportorial summary of the spectacular situation presented by Cecil B. DeMille in his new picture, "Feet of Clay."

'Shooting of Dan McGrew' Is Feature Film at Pearce

A screen adaptation of the Robert W. Service poem, "The Shooting of Dan McGrew," with Barbara La Marr and Lew Cody, comes to the Pearce theatre Sunday through Friday.

In this film account he has invested a strong dramatic plot with characteristic De Mille atmosphere, lavish detail and piquancy. It is ample, and leisurely unfolded. One of the most impressive of his diverse products.

De Mille takes a distinct departure, creates a novelty that will be widely discussed both as to its technical aspect and its content. The nebulous experiences of the young husband and wife, unconscious with gas, as De Mille pictures them, range from the majestic almost to the ludicrous. The prevailing impression, however, is one of awe as the young couple join a vast throng of the dead and dying, groping out along the span of eternity.

The acting is good beyond the ordinary. Vera Reynolds, in her first impressive part, creates a distinctive role as Amy. She has talent and allure. Rod La Rocque maintains his vigorous stride as Kerry Harlan. Julia Faye in the role of the young husband's temptress is measurably above her usual level. Ricardo Cortez, constantly growing in skill, is Harlan's likeable rival. And Robert Edeson, the doctor, vitalizes a dull part.

"Feet of Clay" will doubtless be regarded as one of De Mille's most interesting features.

'The Fighting Fool' at Liberty, an Action Picture

Big town fistic shows by the son of a minister in a small town starts and keeps the action and story of "The Fighting Fool," the production scheduled to run in the Liberty theatre, Tuesday and Wednesday, moving at lightning speed.

Helen Chadwick, daughter of the small town mayor, is out walking with Clarence Lorraine, Mark Jenkins, the minister's son, knocks a ruffian down for a remark made as the girl went by. Jerry Sullivan, the owner of a pool room, takes to teaching Mark what he knows about boxing. Escaping from the sheriff's ban against boxing in his county, Mike goes into bigger fields and fights his way to the top.

The leads in "The Fighting Fool" are taken by Eva Novack and William Fairbanks.

A new star in westerns, Buddy Roosevelt, will make his Port Arthur debut in his first thriller, "Rough Riders," coming to the Liberty theatre Sunday and Monday.

Outstanding among the thrills that feature "Rough Riders" is the one where Buddy Roosevelt rides his bronco across a high trestle before a speeding express train to rescue a panic stricken woman.

The story of "Rough Riders" carries an interesting plot, unfolding in melodramatic style elements of love, romance and adventure.

Destruction of Sodom and Gomorrah Shown at Cameo

Down through the ages the tale of Sodom and Gomorrah has been passed on, and in the spectacle production "The Queen of Sin," to play at the Cameo theatre Wednesday through Saturday, the destruction of the two cities of the plain will be a feature, according to advance notices on the show.

For the destruction scene, 90 airplanes were used, the producers say.

Fire and brimstone literally rain from the skies. Magnificent buildings are crumpled and destroyed, and thousands of terror stricken people flee through streets in the cities. A modern story of an European beauty, Laura Wendland, who falls in love with a young sculptor, Harry Lighton, is used as a basis for the story, the theme of which is "the wages of sin is death."

'Bright Light of Broadway' At Strand, a Tale of Jilted Love

A story starting in Green Vale, New York and ending in the hustle and bustle of New York City is woven through the film production, "Bright Lights of Broadway," which plays in the Strand theatre Wednesday, Thursday and Friday of this week.

Found in the little upstate village, Irene Marley was taken to the city by Randall Sherrill, stilet man of the world. He made her a star on Broadway, and married her. Then there arose a jilted woman to bring a tragedy into the life of the girl and Sherrill that spread from the metropolis back to Green Vale and affected lives there.

Boris Jean Hershoff

Commencing with the events of the Bolshevik uprising in Russia, the production, "Torment," with Owen Moore, culminates with the thrills in the Japanese earthquake of last year. "Torment" plays in the Strand theatre Sunday, Monday and Tuesday.

Count Boris, one of the older of Russian nobles, has escaped the Bolsheviks and carries the Russian crown jewels to sell them for the relief of the starving Russians. In America a gang of crooks attempt to steal the jewels in a sleeping car. Boris is negotiating the sale of the jewels with a man supposed to be a rich society man, but in reality head of a gang.

"DALEY DOPE"

SALES—SALES
It is beyond us to understand why the public will continue to "fall" for these "going out of business" sales, "bankrupt sales" and the other twice a week sales by "job-lot dealers" on goods, some of which have had the same stunt pulled on it probably a half dozen times already in other cities. Some folks will buy shoes and hose at a price when the style has been dead for years and the material rotten. Some "drake goods dealer" brings out this dead stuff, puts a price on it and the public fall over one another to buy it, then holler about the goods being rotten and that they have been stung. You get what you pay for.

We buy only "first quality" shoes and hosiery direct from the factories, not from "junk dealers" on job-lot stuff.

Try our Iron Clad hosiery for men, women and children. Every pair guaranteed. We mean what we say. The best is always the cheapest.

If at any time you buy shoes or hosiery from us and they develop any factory defects bring your complaints to us. We will show you what our service means to you.

We are a local, resident, citizen and American firm with American ideals. When you trade with us you leave your money in Port Arthur. Don't bankrupt the city by having your every dollar sent out of town by foreign-owned stores. You will remember our "Quality" long after our "Price" has been forgotten.

With Leatrice Joy playing a dual role, the production "Changing Husbands," comes to the Peoples theater Sunday, Monday and Tuesday. The story forming the basis for the moving picture is "Roles."

Scenes are set in the fashionable quarters of New York, the avenues, cabarets, apartments and theaters. Gwynne Evans, bored with her idle

ease and luxury, sees in an actress who is not attaining much success her likeness, and takes the place of the woman on the stage for three months.

Gwynne's husband falls in love with the actress, Eva Graham, and Eva's lover thinks her untrue to him, mistaking Gwynne for Eva. Out of the tangle the climax of the production is evolved.

Confidence

When people of Jefferson County made such a warm and hearty response to the preferred stock offering of the Eastern Texas Electric Company of Delaware, it showed the absolute confidence which they have in that company.

For a long time the Company has wanted its customers and friends to have a part in its business—to be partners. It wanted them directly interested in a business that is for them.

Hundreds of people in this section have bought stock. About 85% of the employees of the Eastern Texas Electric Company have also subscribed. It shows conclusively the good will of both the public and employees and their faith in the Company.

Customer ownership has shown its worth in past years. There is no more successful manner of operating a utility than on this basis. It is advantageous to everybody.

The sale of the entire block of this stock in fifteen days shows in itself how safe and profitable the people feel this stock is. It was more than gratifying since it was an expression of the confidence of the people.

ROAD ISSUE IS VITAL TOPIC

Pt. Neches, Nederland Men Highly Interested

Special to The News.
NEDERLAND, Texas, Oct. 4.—The countrywide road bond issue, so long discussed between Port Arthur and Beaumont, is still as vital a topic as ever both here and at Port Neches. General sentiment here is believed to be favorable toward the proposed issue, but Nederland is angling for a share of what is to come out of the money derived.

The project which interests people here is to extend the Sun company road on to LaBelle, a stretch of approximately 14 miles. The proposed road would open to development a large-sized section that is claimed to be good for diversified farming, and people here feel that development is what is needed by Jefferson county.

The Sun road is already graded within a three-quarter mile of the road to west Port Arthur, and not much work would be needed to put the road in shape. Building of a shell-surfaced road from the present Sun road through to LaBelle would furnish a route only three or four miles further from Port Arthur than using the West Port Arthur road as a base. In addition, the route from Nederland is claimed to pass through a more productive section and would be central for the country.

BLOCKHEADS DRIVE FOR P-T MEMBERS

Special to The News.
PORT NECHES, Oct. 4.—Drive to enlist 300 new members in the Parent-Teachers' association was launched here Friday afternoon with J. T. Block, named chairman, the campaign to continue over a period of three months and the objective to have the largest membership to any single school unit in Jefferson county.

To reach the goal of 300 minimum, several means will be employed to enroll parents. One will be to give the room which enlists the most of its parents in the organization a big party. This it is believed will net many additions.

Following the contests between the various rooms, a tag day will be advertised and held. "Every parent in Port Neches a P. T. A. member" is the slogan. It is pointed out the membership dues are but 75 cents for the whole school year of nine months.

"It's not the money we want the memberships for. It's the co-operation of the parents of our school children in a systematic manner and the ultimate building up of our citizenship through our children that we are striving for," Mrs. H. J. Andrus, president of the association, commented on the drive.

Work Is Begun On New Business House

Special to The News.
Work was started Wednesday on the new building adjacent to the Majestic theater, which is being put up by W. H. Newton to house a general mercantile store. The building is 25 feet wide and 50 feet long.

First occupants moved into the annex to the Twin Cities Drug store building this week-end. Dr. Chambers, Dr. McAlpin and Dr. M. W. Oakley to occupy the new offices.

5-CENT LIMIT ON CAFETERIA DISHES

Special to The News.
PORT NECHES, Oct. 4.—Port Neches school children can eat more now than in the past, as the cafeteria management Friday announced nothing over 5 cents would be charged for one article of food.

Reduction by the local school board of the rent of the cafeteria building is cause for the lower food prices, lessees say.

SET OF REFERENCE BOOKS FOR STUDENTS

Special to The News.
PORT NECHES, Oct. 4.—Children of the fourth, fifth and sixth grades of the public schools here will soon have their own set of reference works this need, long felt, being met through the co-operation of the school athletic association and the Parent-Teachers' association.

Mrs. Tanner Boomed For Tubercular Board

Special to The News.
PORT NECHES, Oct. 4.—Recommendation that Mr. Amos Tanner of Port Neches be elected to the vacancy on the board of directors for the Jefferson County Tuberculosis sanatorium is being made by the Parent-Teachers' association and other interests here.

Mrs. Tanner's knowledge of the work and capabilities generally are reasons her appointment is being urged.

CALL SCHOOL PATRONS FOR GET-TOGETHER

Special to The News.
NEDERLAND, Texas, Oct. 4.—School patrons will be called to a get-together rally to be held in the new school auditorium this month. School plans will be discussed, and several out of town speakers probably will be brought here. Date has not been determined.

Last touches were being given the auditorium this week with the installation of lights. Stage fixtures have been placed.

The seats of the auditorium have small desk-tops fixed to the backs and allow turning over of the auditorium into a study hall.

"TWELVE OLD MAIDS" COME TO PT. NECHES

PORT NECHES, Oct. 4.—A play to be staged by the women of the Roberts Avenue Methodist church, Beaumont, and entitled "Twelve Old Maids," will be held here next Friday night, Oct. 10, proceeds to go to the Parent-Teachers' associations of Port Neches and Nederland.

The play has been recommended as a successful comedy.

Dry Weather Brings Talk of Water Plant

Special to The News.
NEDERLAND, Oct. 4.—Dry weather is making Nederland talk again about installing some sort of water system. The creation of a mutual water and sewer system between Nederland and Port Neches through a bond issue has been temporarily given up because Port Neches is tied up in the Port Arthur district and financial conditions are not regarded as auspicious just now for floating a bond issue.

There has been some talk even of digging a ditch from Village creek above Beaumont at Nederland, while another scheme discussed is to drill a fresh water test here and if the well is a success, to organize a private water system here.

PARENT-TEACHERS TO MEET IN NEDERLAND

Special to The News.
NEDERLAND, Texas, Oct. 4.—The Parent-Teachers association here will hold a meeting at the high school at 3:15 Monday afternoon, when a program will be given under the direction of Mrs. J. H. Ingram, president. Organization of the P. T. A. was perfected at a meeting last Monday.

Efforts are being made to bring the district P. T. A. meeting this month to Nederland for its meeting.

First Lyceum For Pt. Neches Assured

Special to The News.
PORT NECHES, Oct. 4.—With more than 300 season tickets sold and many paid admissions aside from these, Port Neches' first lyceum attempt was an assured success when the first of five programs to be presented during the school year by the Dixie Lyceum bureau was heard Friday night.

SEEKING MRS. MARRS FOR PT. NECHES VISIT

Special to The News.
PORT NECHES, Oct. 4.—Effort to bring Mrs. S. M. N. Marrs of Austin, president of the State Parent-Teachers' association and Council of Mothers, to Port Neches for an address will be made by the local association, Mrs. H. J. Andrus, president, announces.

Expansion plans of the Port Neches P. T. A. will be greatly aided by visit from the state president, Mrs. Andrus believes.

TAX VALUES

Nederland Amount For Year \$7,416,726

Special to The News.
NEDERLAND, Texas, Oct. 4.—The total of Nederland independent school district tax value for the year 1924, as reported by Tax Collector Gibson, is \$7,416,726. This amount does not include the property assessed to "unknown owners" which will total approximately \$100,000, making a grand total of approximately seven and one half millions. The total assessed valuation for the year 1923 was \$5,055,550. The valuation for this year shows an increase of more than two million due to the building progress during the past year. The tax rate will be fixed Monday night by the board of trustees. It is expected that the rate will not exceed 65 cents.

PRACTICAL COURSE IN PENMANSHIP OFFERED

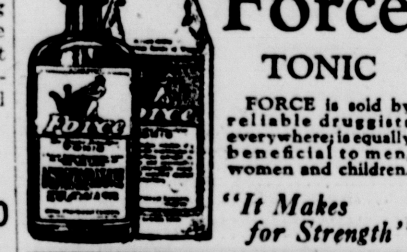

Special to The News.
PORT NECHES, Oct. 4.—Combining practicality with practice, writing class and members of grammar grades are being given work to do aside from the old copy-book method, and which makes for excellent experience, according to teachers. Instead of writing "Honesty is the

Best Policy," a hundred times, the students are given invitations to various social events to write. This brings the parents and others receiving invitations to school events better than any method tried to date. Then it gives practice in writing, too, teachers cite.

2 ARE VICTIMS OF ANCIENT FEUD

Maryland Mountaineers Fight It Out Alone

HAVERSTOWN, Md., Oct. 4.—A century-old feud between two mountain families was responsible for the wounding of two men, one fatally, near Wolfville, a little mountain village east of this city. A posse set out to scour the hills for Peter Tracey, charged with shooting down Luther Warner and Earl Russman.

Fully 100 shots punctured the body of Russman and little hope is held out for his recovery. Both he and Warner are in the Washington county hospital here.

Mountain folk whom the authorities questioned declare that there has been bad feeling between the Warner and Tracey families for years.

The pair rarely crossed each other's path that words were not exchanged, but it was not until recently that they exchanged blows. They battled when they met on a mountain path until Tracey stabbed Warner. They were finally separated.

Then while Russman and Warner were traveling the same section of the mountain they encountered Tracey. A moment later he reappeared carrying a gun and without warning shot both men.

Warner and Russman were found by friends attracted to the spot by shots, who brought them to the hospital here. In the meantime a posse was formed. Sheriff Richard Duffey is conducting an investigation.

CONVICT WINS SCIENCE FAME

Acquires National Honor as Radio Musician

JEFFERSON CITY, Mo., Oct. 4.—Many people regard a prison as the last place in which to achieve fame, but the case of Harry Snodgrass, convict in the Missouri State penitentiary here, is an exception. For Harry, although serving a term behind the stone walls of the state prison, has not only achieved renown but he has acquired nation-wide fame, as well—chiefly due to radio.

More than two years ago he was sentenced to serve three years on a charge of attempted robbery. He entered prison virtually unknown, but today his name is familiar to persons in almost every section of the country.

Harry brought a gift of his finger with him. He is a pianist of rare ability and can play with extraordinary skill and technique, several masters have declared. Soon he was playing once a week or more at the state broadcasting station, WOS, one of the most powerful in the country. People began to write asking who the "wonderful" pianist was. His name became known, and now Snodgrass' renditions both of popular and classical music are given to a wide radio audience.

New System of Classified Advertising in The News

Want Ads Had Origin in 17th Century as First Form of Advertising; History Interesting

Commencing today The News inaugurates a new system of Classified Want advertising. All the classifications will be run alphabetically, which will make advertisements easier to find and easier to read.

The first classification will be "Announcements," under which will be run "Personals," "Lodge Notices," "Special Notices," and "Lost, Found and Strayed." Then will come "Automobiles" and various sub-classifications under it and so on through the various general classifications—"Business Service," "Employment," "Financial," "Instruction," "Livestock," "Miscellaneous For Sale," "Rentals," "Real Estate," and last, "Sheriff, Auctions and Legal."

This is all a part of the new Ad-Viser Service System installed by The News for the benefit of Want advertisers. It makes better classification, better copy and easier to find and read advertisements, which also makes better results for the advertiser. A trained Ad-Viser will always be available to help advertisers write and prepare copy with both "appeal and a pull." The word Ad-Viser is registered in the United States Patent Office.

The story of Want Advertising, or Classified Advertising as it is more generally called, is one of the most interesting in the annals of advertising. This form of advertising had its humble beginning in the seventeenth century as the first form of publication advertising. Today it has developed into the most powerful and amazing form of modern selling. There is not a commodity for which the slightest demand exists that cannot be sold through Want Advertising.

Millions of dollars worth of real estate, automobiles, machinery, business and household goods changes hands annually in the United States through the power of the little Want Ad. Two of America's most essential factors of community life are largely dependent on Want Ads of newspapers—the buying and renting of homes, which is largely conducted by real estate agents through the Want Columns of newspapers.

In the automobile industry the Want Ad has a large part, for how would the dealers dispose of their used cars, the real selling problem in the industry, were it not for the little Want Ads, the one accepted market for used cars.

And so the Want Ad effects almost everybody at some time in some way. The employer's want ad for help finds fulfillment in the employee's need of a job; the merchant's offer to sell his business is accepted by the new comer in search of an investment; the real estate dealer's advertisements for buyers are answered by the family desiring a home. Lost relatives are located, meetings are announced, diamonds purchased and so on through the countless wants of life that are advertised for or offered in the Want Ad columns.

It might be said that life begins and ends in the Want Ads for it is the general custom in larger cities to announce the births through the Want

Ads and finally when life ends, the death of a loved one is made known to friends through the "Death Notices."

Often the baby carriage or layette is purchased through the "Miscellaneous For Sale" column; the first dollar is earned answering a Help Wanted advertisement or the first job is secured through "Situations Wanted."

The first automobile is a used car purchased through "Automobile For Sale;" home ownership is realized through "Houses For Sale," and "Contractors and Builders." Furniture for the new home is purchased through "Furniture For Sale" classification, and a piano or phonograph is bought through "Musical Instruments" column.

A ranch or a farm is bought under the "Land For Sale" classification. An investment in a business site or income property is made through an advertisement under "Business Opportunities" or the "Financial" column. Help for business or the home is employed through "Help Wanted" advertisements and the boy's dog is returned through a "Lost and Found" advertisement.

Classified Want Ads are today a public necessity, the people's as well as the business man's form of advertising, as important as the telephone, more widely used than the telegraph, more universally depended on by the masses than any other form of advertising and their place in the community's scheme of things is as assured as life itself.

In Port Arthur as well as in thousands of other cities instances of thousands of dollars' worth of property changing hands through a little Want Ad are common.

The popularity of News Want Ads is best attested by their use. With the new alphabetical classification these ads will be even more popular and The News Want Ad page will be even more the market place of the people.

Prisoner Worms Through Bars But Is Caught

OIL CITY, Pa., Oct. 4.—Laverne Eisenman, who slid out of the Clarion county jail to freedom by greasing his body with vaseline and dropping through a small air passage, is back in his cell. He was captured near his home.

Eisenman, charged with burglary, picked the lock to his cell and made his way to the upper tier where the small airway leads to the outside.

Knowing he could not squeeze through the small opening in natural state, he used the vaseline freely and a few minutes later slipped to freedom.

As officers led him back into the jail the cook was cautioned to "hide the lard, here's Eisenman."

The United States has one telephone for every nine inhabitants, and Italy has one for every 390.

GREASES BODY, ESCAPES JAIL

BY RAY SAUNDERS

An actual occurrence of my observation, that will perhaps set us younger persons to thinking:

A man of fifty applied for work at the office of a large corporation that has no age limit. He was given an application form to fill in, and among the questions were these:

"Do you own your own home or have an equity in one?"

"Have you any other assets?"

To both of these questions he answered "NO."

The result: My friend's application was turned down because fifty years had gone by and nothing to show for his efforts.

After a man gets into his thirties people begin to judge him by what he has accomplished. Possession of money—even a fair start, together with evidence of good judgment in such things—means he is successful.

Cash opens the way to Opportunity all through life. Whether young or old, if a man hasn't gathered some CASH he has little chance for positions of responsibility.

DODGE SLASHES SPECIAL PRICES

Four Special Types Now Sold Cheaper

In view of the upward trend in automobile prices, considerable surprise was occasioned by Dodge Brothers recent announcement of a reduction in prices of their special type cars.

Dodge Brothers were able to do the unexpected, according to the factory announcement, on account of the increased volume of their purchases of special equipment for the special type cars.

Dodge Brothers special types consist of the standard cars equipped with accessories which produce the utmost in comfort and convenience and appearance of the car. Among these are steel disc wheels, five balloon type tires, nickel-trimmed radiator, nickel plated bumpers, automatic windshield wiper, rear view mirror, scuff plates, cowl lights and a motorometer with lock. A special body stripe is also provided.

Manufacturing and buying these accessories in quantity, Dodge Brothers are naturally able to install them at prices considerably below what the owner would have to pay at retail. The public was quick to sense this and the demand for special types grew steadily from the moment they were made available. Their convenience and appearance has elicited the greatest admiration everywhere and those who know the volume that has been attained can readily understand how Dodge Brothers were able to make a reduction when others were announcing advances.

Four Dodge Brothers cars are affected by the reduction—the special touring car, special roadster, special "A" sedan, and special 4-passenger coupe. The "B" sedan and the business coupe have also been added to the line of special types.

As the reduction was made possible by economies effected in the purchase of equipment used exclusively on the special type cars, the standard types are in no way affected, according to E. P. Baker local dealer. The prices of all standard types remain unchanged.

CROSSING ELIMINATION

Cost of eliminating the 250,362 railroad grade crossings in the United States, it is estimated, would amount to \$19,000,000,000, and would take hundreds of years to accomplish. At present, there is a yearly net increase of nearly 4,000 grade crossings.

FRANCE SEEKS SPEED RECORD

400-Horsepower Car Now Built

PARIS, Oct. 4.—France is preparing to send to America a racer entrusted with the mission of bringing back the world's short distance speed record.

This record, now held by Tommy Milton, is 156.4 miles an hour, established in his 16-cylinder Duesenberg at Daytona Beach.

To make such a short stretch at a faster clip M. Moglia, connected with the Ballot and the Talbot-Darracq companies in France, has designed a 400-horsepower car, built solely for speed, to the order of M. Djelaladdin, an Egyptian sportsman, who will accompany the car to America.

Beside the high speed feature, the car will show a new way to reduce weight. With the standard 56-inch tread in front there will be only a 37-inch tread in the rear, and the differential will be eliminated.

At the same time, use of aluminum water jackets and the same metal at other advantageous points will reduce the weight of the car to a minimum.

The engine will be an eight, in two castings of four each. Each cylinder will have a carburetor and a super-

charger to permit a full fuel supply at the highest possible speeds. And streamlining on it has been developed to the ultimate.

Street Cars Should Get Plenty of Room

When a street car slows down the motorists behind often speed up to pass it before it stops. This rush coincides with the effort of pedestrians to signal and to reach a street car. Here is a fruitful cause of accidents. The best rule is one which prevents the motorist from passing a street car about to take on passengers.

DALLAS AUTO HOTEL

Dallas, Texas, has an automobile hotel where autos are "registered" and "checked out" like persons at their hotels. It is called the "Park-moor."

SKILLED LABOR BUYS

Mechanics exceed merchants as buyers of autos, according to recent figures. Mechanics took 15.5 per cent of the cars last year, while merchants bought .4 per cent.

More New York Cars But Fewer Fatalities

During the first six months of 1924, with an increase of 60,000 reg-

istered motor cars recorded, there were fewer casualties per car and fewer fatalities in New York City than for the previous six months period. Credit is largely due to the Bureau of Public Safety, ably directed by Special Deputy Police Commissioner Barron Collier.

On July 1, 1924, there were 377,000 registered motor vehicles in New York while a year ago there were 317,362. Placed in a line, allowing 30 feet to a car, the 377,000 cars would extend over 2,145 miles.

Commissioner Collier believes that authority for police regulation of pedestrians to compel them to cross streets at proper crossings and more severe penalties for reckless driving are measures greatly needed.

Air Trucking of Heavy Loads Demonstrated by Success of Planes Circling Globe

FIRE HAZARDS NOW LOWERED

Weaknesses of Old Liberty Engine Eliminated

One definite point the world flight has established is the feasibility of commercial aviation. Passenger aviation is already an accomplishment. Large swift airplanes are transporting people from London to Paris, and between other points, while further plans are being laid for similar transportation. To have "trucks" flying about the air is still something new, even though the United States is doing this with the airmail. Loads must still be rather light and extreme care and preparation must be made for each trip. The Douglas planes which flew around the globe are really commercial airplanes. Their ruggedness and simplicity, coupled with their additional carrying capacity, make them available for air trucking purposes.

Advantages That we have succeeded in developing this new kind of transportation is pointed out by Alexander Klemin, associate professor of aeronautics at New York University, in automotive industries. The fire hazard in aviation has been largely eliminated, he says. Heavy loads could be carried, varied climates with their abrupt changes could be negotiated, and the planes proved their speed capacity and endurance.

Yet there must be considerable improvement. Professor Klemin asserts, before commercial aviation can be taken up as a regular means of transportation. He notes these necessities in the progress of the Douglas planes around the earth.

The Liberty motors were the greatest source of trouble.

"Not only did the engines need to be replaced six times," he says, "but throughout they needed far more attention than the planes. Engine failure forced down Major Martin off the shores of Kanton and caused the loss of Lieutenant Wade's plane between the Pape Islands and Iceland."

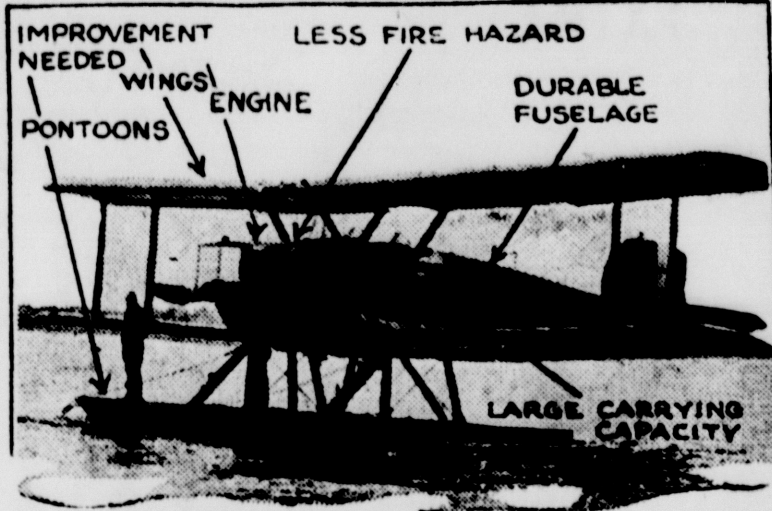

Better Engine "The engine has always been the main reason for uneasiness. It should be pointed out, however, that while not available in the same quantities, or as cheaply replaced, we have now engines which far surpass the Liberty in endurance."

Other weaknesses pointed out by Dr. Klemin were in the wings and pontoons. With waterproof, light duralumin covering, rather than their present form of doped linen, the planes could negotiate especially the warmer climates with greater ease.

Opposed to these weak points, however, he showed the airplane's fitness so far as its fuselage was concerned, its diminished fire hazard and its enlarged carrying capacity.

Not thunder, but heat and moisture-laden atmosphere, says a milk, says a professor of agriculture in Illinois.

COACH ADDED BY CHEVROLET

Lowest Priced On Market Claim Made

The Chevrolet Motor company announces a new model to its line, the Chevrolet Coach, which will be the lowest priced coach on the market.

This Chevrolet Coach, however, differs from most of the coaches on the market in that the rear panels are steel clear to the top, like the other Chevrolet closed models, and is furnished in black with gold stripe, the same as the Chevrolet Sedan.

The door on each side is exceptionally large allowing for easy entrance and exit, while the wide windows, two on each side, afford an extreme range of vision during all seasons and refreshing ventilation in warm weather. The rear quarter windows are the same width as the door windows.

The interior of the Coach is large and roomy, with the driver's seat stationary and a folding seat to the right of the driver. The rear seat across the back has ample room for three.

The seats, and cushions are upholstered in striped taupe wool cloth, while the sides, doors and head-lining are in a mottled taupe of the same material. There is a floor carpet to match.

Door windows, as well as side windows are raised and lowered by Tumbler window regulators. There is a dome light in the car. The rear window in the car is wide and deep and is equipped with a satin curtain. A metal sun visor comes as standard equipment.

Traffic into and out of Manhattan, the heart of New York City, has increased 25 per cent since 1920. Nearly 200,000 vehicles were counted recently entering or leaving that island in a single day.

Cars Should Never Be Passed On Curve

Country roads are sometimes flanked by steep banks, ditches, holes and swamps which cannot be seen easily, especially if one is driving in a closed car. Play safe and keep to the roadway. In going off you may never know what you are getting into.

Be careful not to overtake and pass another vehicle either too fast or too slow. If too fast you may surprise other traffic or pedestrians and find yourself on the wrong side of the road without your car under sufficient control. If too slow you tend to block by remaining too long on the left side. Then too you may crowd the car you are passing.

Overtaking cars is frequent cause of accidents. Be certain you have plenty of room, and know the speed of the approaching car.

Never pass a car on a curve or on the brow of a hill.

ALWAYS BE REASONABLE

In motoring—as in all things—be reasonable.

If you have the right of way be reasonable.

To insist upon the right of way even though it may be yours legally, may result in an accident. The other man may be reckless. Regardless of the right of way rule for your locality:

Give the right of way to a street car between cross streets.

Give the right of way to fire fighting vehicles and to ambulances.

Give the right of way to police and emergency vehicles.

Give the right of way to the pedestrian who has reached your line of intersection.

AUTOMOBILES FIRST

Automotive products ranked first among the American commodities pushed in foreign markets by representatives of the United States. One out of every eleven inquiries handled for this purpose related to automobiles.

BUICKS BOUGHT OVER EUROPE

Two Carloads Shipped In One Week

Granting that the automobile business is a fair barometer of general commercial conditions and certainly we have found it so at home, the comeback of Europe is going to be much quicker than even the most optimistic have dared to hope, says E. T. Strong, General Sales Manager of the Buick Motor company.

The sale of the Buick cars certainly sets at naught the almost uniform predictions that Europe's prosperity was to come well into the future and only after some very carefully planned and well executed economic stimulations.

Two trainloads of Buick cars bound for foreign shores left the Buick factories during the third week of September, one on the 15th and another on the 20th.

While the shipment of trainloads of automobiles for export will undoubtedly be a surprise to many, it is rather a common thing with the

Buick. During the month of August, for instance, five trainloads of Buicks left the factories for exporting points, and trainload shipments for September will no doubt surpass the month of August.

Aside from Italy and France where unfavorable tariffs practically prohibit the sale of any American-made motor cars, there seems to be no one spot in the world where Buick cars are not being purchased: England, Argentina, Brazil, Chile, Peru, Bolivia, Colombia, Venezuela, Cuba, Porto Rico, Central America, Mexico, Hawaiian Islands, Philippine Islands, Japan, China, Java, Sumatra, Norway, Sweden, Belgium, Holland, Denmark, Switzerland, Spain, Portugal, Greece, Serbia, India, Australia, and South Africa. To all of these points and others, many of them little thought of in our daily life, shipments of Buick cars are constantly on their way. At home, too, Buick sales volume reflects a prosperous condition of business and commerce, another indication that the world is rapidly recovering its business stride. Nations and individuals alike rally quickly, and as they rise, turn to the purchase of necessities. That they buy American motor cars in large quantities is a tribute to American industry.

STATE FORBIDS LIGHT DIMMING

MILWAUKEE, Wis., Sept. 27.—

Contrary to general regulations throughout the country, the state of Wisconsin forbids motorists from dimming their headlights. The reason given is that dimming causes more accidents than glaring headlights.

Everyone knows that bright lights shining in the eye blind a person and cause accidents," reads a bulletin from the state highway department. "Not so many people know that suddenly dimming the headlights on passing another car also blinds the driver and that this procedure caused just as many highway accidents as glaring lights."

The process is compared with stepping from a bright room into a pitch-dark room.

"If memory of what he saw just before dimming were not a helpful factor to the driver," the bulletin goes on, "the number of night accidents due to dimming would be appalling."

Yet Wisconsin has a strict law against glaring lights. The proper kind of lights are those that can light up the highway 200 feet ahead and will not rise above the level of the lenses. Thus the headlights would be bright and still should not glare into an approaching driver's eyes.

Boy Scouts Swing Into Stride For Program of Winter Activities and Work Here

SABINE TROOP LATE ADDITION

New Seascout Crews Also To Be Organized

Swinging into stride for fall and winter activities and work, Port Arthur Boy Scouts during the past week definitely assumed a number of projects which will carry out the organization's "good turn daily" idea, a survey of the reports from the various troops shows.

Organization of a Boy Scout troop at Sabine has been an outstanding event of the Port Arthur council's work accomplished during the past week, Scout officials said Saturday, and indications are that the new troop will be one of the largest and most active in the organization. A number of Sabine citizens are backing the Boy Scout organization there. New crews of Sea Scouts are soon to be organized, reports from this department of the Boy Scout organization in Port Arthur set forth, and several changes in the line-up of the personnel and officials, including the promotion of Roy Rusing from skipper to Sea Scout commissioner, also were reported. A new ship in the Sea Scouts, organized Wednesday night, is known as Buccaneer.

Board of examiners will meet on Tuesday night at the American Legion headquarters, Shreveport and Lake Shore, at 7 p. m.

Court of honor will be held at Franklin school Friday night at 7:30 o'clock.

TROOP 1, SABINE

The first meeting of Troop 1 was held last night at the school with about fifteen members present besides a number of visitors.

Hardy Johnson was elected Patrol Leader of Troop 1 and gathered all of his Tigers in a bunch while Harry Vaughn, patrol leader of the Raccons and Fred Parham, patrol leader of the Panthers did the same thing.

Wade Gillard was elected scribe and Jack Simonton was elected senior patrol leader. Official Squidge fell to Herbert Krebs. Official Squidge is the one who does all the worrying so Herbert has a dandy job.

Our troop will be sponsored by the Sabine School District of which Mr. Nation is the Supt. Our troop committee is headed by Mr. Rodriguez as chairman with Mr. Castell, Mr. Quinn, Mr. Motech and Mr. Crossman making up the complete committee. Mr. Prusatik will be our Scoutmaster and Paul Quinn our assistant Scoutmaster.

Those present last night were Fred Parham, Hardy Johnson, Harry Vaughn, Wade Gillard, Herbert Krebs, Frank Welsh, Jack Simonton, Cecil Sapp, Homer Gillette, Tuisey Krebs, Raymond Krebs and Junior Rodriguez. We certainly expect to have a really big thing here and we are sure we will have quite a large membership as time rolls along. Meetings will be held every Friday at the school, so come on out and join the bunch.

WADE GILLARD, Scribe.

"LONE STAR" SEASCOUTS

Seascouts met aboard the ship Wednesday night at 7:30 p. m. Mr. Everett, the Junior Officer of Crew Four was present.

The meeting was called to order by Walter O'Neil and the Scout oath was said in unison. The meeting was then turned over to Skipper Rusing. Season tickets for the Port Arthur Fair were given out to the boys to dispose of, the profits derived from the sale of the books will be turned over to the boys. We surely intend to hustle on this proposition. It was also voted to take over the proposition offered by the Telephone company delivering directories. There will be an additional prize of \$10.00 awarded the bunches doing the best and nearest work delivering these. It was announced that Mr. Rusing would no longer be skipper but instead be a Seascout Commissioner. It was also decided to divide up the present ship personnel and organize two new ships, the membership justifying same, so Mr. Everett was made skipper of one ship while the skipper for the second ship has not definitely been announced. The second ship was named the Buccaneer and the third ship has not yet been named but had hopes of doing so at their meeting held Saturday night. Those who remained in the "Lone Star" are Henry Larsen, Junior officer, Hardy Aiken, acting as quartermaster, Frank Axtell, DeWitt Kinard, Carl Lipoff, Murray McCoy, H. S. Singletary and Gene Paul Starke. It was decided that the by-laws of the old Lone Star would be honored. Dues began with the first meeting in October.

MURRAY MCCOY, Yeoman.

"BUCCANEER" SEASCOUTS

We organized into a ship at the meeting held last Wednesday night. While we have been unable to yet obtain the services of a skipper, we feel certain that our next meeting will find us with one. Those who registered as members of the new ship are: Leffingwell, O'Neil, Peek, Merren, Friedman, Boersma, K. Winger, Weiman, King, W. James, F. James, Hunt, Sims and Richard. Owen King and Willie Leffingwell were elected as Coxswains and Earl Friedman elected Yeoman. Several yells were given and other business discussed. Plans were made to obtain new equipment.

EARL FRIEDMAN, Yeoman.

TROOP 16

Our meeting last Friday night was held on the lawn on the side of the church. Lights were strung and the entire evening was given over to the passing of Second Class Requirements. Roll was called as usual, pledge of allegiance to the flag was given, a short prayer by Rev. Ridout was the starting of our meeting.

Dr. Wall was very kind to pay us a visit and give us some very good instruction in first aid and bandage work. We certainly thank him and assure him we learned quite a lot from him. Visitors included Mr. J. B. Wilcox, Mr. Reed, and several others whose names could not be obtained.

Fire building, cooking, first aid and signalling were passed by some of the scouts. Those passing some of their second class tests were: Raymond Grant, McRade Womack, Mark Painton, J. B. Gardner, Fred Rensland, Leonard Schuh, Bennie Visnet, Tiny Lecoq, Norman Rodenburg, Wesley Brannon and William Simmons.

Those who are reading to go before the Examining Board will meet at the American Legion headquarters Tuesday night at 7:00 p. m.

Friday night we will meet at the hut at 7 p. m. and from there go to attend the court of honor at Franklin school. Come along and bring a friend.

J. C. WATKINS, Scribe.

Switch Lock Sawed, Engineer Is Killed

AVISTON, Ill., Oct. 4.—Blood-bounds were brought here today and placed on the trail of the wrecker of the Baltimore and Ohio's crack passenger train number 12, which crashed through an open switch and turned over at midnight last night, killing the engineer, Carl Van Almon, and injuring seriously the fireman, Louis Parcel.

The lock of the switch had been sawed through, railroad investigators discovered today.

AMERICAN RUM FLEETS

DUPLICATED IN SWEDEN

BERLIN, Oct. 4.—Rum fleets before American harbors are now being duplicated before Swedish harbors.

For Sweden, too, has prohibition. Further, they do things most speculatively in Europe. Press reports tell of a gun battle between a German bootlegger ship and a Swedish coast guard boat. The German boat opened up with machine guns and forced the Swedish boat to give up the pursuit.

One of the Swedish officials was badly wounded.

BURGLAR WAS KIND, HE PUT THE FIRE OUT

WASHINGTON, Oct. 4.—A burglar and window shade and a bucket of water, some of which had been used to put out the blaze discovered in one of the rooms of Leo Krooler, jeweler, led police to believe that a burglar planning to rob the home had accidentally set fire to the curtains and then paused to put out the flames before he made his escape.

An investigation revealed the burned curtains and the water bucket.

JAIL SETS FREE A HUNTED MIND

Fugitive Cashier Finds Peace After Surrendering

INDIANAPOLIS, Oct. 4.—Behind the cold gray walls of the Marion county jail he finds today the peace he found nowhere outside.

His hair is now gray. Three years of ill-gotten freedom at the expense of society has made it so. And at the end of three years of untold torture Alfonso Schaefer has come back.

With his conscience tattered and frayed like an old battered battle flag, he has watched together the fragments of a will torn by the realization that he was a hunted man and surrendered to justice.

A coward? Friends of Schaefer, aged 34, formerly cashier of the Citizens National bank, Tell City, who disappeared with nearly \$300,000 of the bank's funds in September, 1921, shake their heads sadly. No, they say, it took courage.

Haunted by Fear

"I was tired of being haunted by the fear of arrest. I've come back to take my medicine like a man."

So says Schaefer as he sits in his cell. But there is no fear in his steel-gray eyes.

"I feel more happy and contented right here than I have at any time since, fleeing from my home and friends," he said. "But not till I have paid in full the penalty for my crime will I be really free. If they let me, I will work night and day till I have repaid every dollar I am charged with stealing."

"I would rather serve a sentence in the penitentiary and then start anew than live a life of hell trying to escape the inevitable. I traveled all over the United States trying to forget, but couldn't."

"Nobody knows what it means to be out in the world without a friend, unable to communicate with your family and with detectives everywhere on your trail. Once when in a New Orleans hotel I heard the bellboy boy page two men from home who knew me, and I fled immediately. Once I was recognized on the street in Los Angeles and another time in Denver."

Evades Justice—but—

"But somehow I always slipped through. Maybe it would have been better if I hadn't. It might have spared me a lot of suffering. No, it's better this way. People see I mean to be square. If I only could live my life over again and right the wrongs I have committed! But it's too late now, so the best I can do is to give myself up."

Schaefer, who was a trusted employee of the bank for ten years, told Norman Patrick, an Indianapolis attorney, that he intended to surrender, and wrote a letter to the cashier of the bank. Then he appeared as he said he would before Linus T. Meredith, United States marshal.

Following Schaefer's disappearance in 1921, a shortage of \$300,000 was found. An indictment charges

him with having absconded with \$8,001 in money and \$20,624 in Liberty bonds from the bank. During his wandering Schaefer is believed to have spent more than \$25,000.

Officials of the bank said the institution suffered no ill effects from the action of Schaefer, the shortage having been made up by the directors and stockholders.

PARVENUS AVOID RUSS GAY LIFE

Profiteers Are Sent to Siberia

MOSCOW, Oct. 4.—The wholesale deportation to Siberia and the north of profiteers and others has had a bad effect on the Russian restaurants and night-life resorts.

Whereas a year ago Moscow was as gay with smart restaurants, cabarets and cafes as the liveliest American city, it is today as dull and depressing as a New England village on a blue Sunday.

It is not an uncommon sight nowadays to find more waiters in a Moscow restaurant than actual patrons. This is due partly to the disappearance of the profiteers, who were the most regular and liberal frequenters of the restaurants, and partly to a fear on the part of those left behind that they give evidence of having sufficient money to patronize the more expensive eating places.

After partaking of expensive repasts at Moscow's best restaurants, Russian business and professional men have undergone the experience of being cross-examined by police officers as to how they came into possession of sufficient money to patronize such extravagant caravansaries.

OFFICIAL CONVICTED OF BRIBE FILES APPEAL

AUSTIN, Oct. 4.—E. F. Stovall, former county commissioner of Hill county, convicted in Ellis county on charge of venue of a charge of accepting a bribe of \$7,000 in the letting and granting of a contract for road construction in Hill county, filed appeal Saturday in the court of criminal appeals. Stovall was given a sentence of 7 years.
